

SCHOOL PROFILE REPORT

East Ridge High School

Academic Year: 2017-2018

Introduction

The annual School Profile Report highlights programs offered in your child's school. It includes how schools address and implement the adopted Kentucky Academic Standards for the programs of Health and Physical Education (Practical Living), Career and Technical Education (Career Studies), Visual and Performing Arts, and World Languages (Foreign Language).

Reporting is in accordance with KRS 158.6453 Section 3 (20) as amended in Senate Bill 1 (2017). An advisory committee made up of certified teachers and specialists from Kentucky's public schools and postsecondary institutions in these subject areas identified the process and method for collecting the information necessary to demonstrate program length and time, courses offered, staffing, resources and facilities for each of the subject areas.

Data is electronically transmitted through the annual School Report Card collection tool to the Kentucky Department of Education. By Oct. 1 of each year, school principals shall complete the school profile report, which shall be signed by the members of the school-based decision making council, or the principal if no school council exists, and the superintendent. The signed original is maintained on file at the local board office and made available to the public upon request. A link to the School Profile Report is made available to the Kentucky Department of Education and is accessible on the department's website through the School Report Card.

Contents of the School Profile Report include

1. **Visual and Performing Arts**
2. **Health and Physical Education (Practical Living)**
3. **World Languages (Foreign Language)**
4. **Career and Technical Education (Career Studies)**
5. **Signature Page**

Visual and Performing Arts

Program Overview

Program Area Offerings

- ✔ Concert Band
- ✔ Marching Band
- ✔ General Music

Subject: School Report Card- SBDM Approval/Action Required

Principals,

KDE opened up additional SRC features today, the next step of the process is now ready to be completed. After ensuring accuracy under the *Collection Data* section recently completed, print the final School Profile Report for signatures and return to me to post on your website per KDE requirements.

- SB1 (2017) requires the School Profile Report be approved by the SBDM and include signatures of all SBDM members, principal and superintendent.
- If the school does not have an SBDM, it should be signed by the principal and superintendent (Northpoint and PCDTTC).
- Once complete, a hard copy must remain on file at the central office and be available upon request.
- Schools must post to their school website on the web page provided in the Collection Tool no later than December 1.

Directions:

- Log in to your SRC
- Click on *Downloads* in the top menu
- Under the *School Profile Report* section, select Download PDF
- Open the report and print
- Sign and have each SBDM member sign after it has been SBDM council approved
- Return to me, I'll get Mr. Adkins signature on them
- We will scan it to have posted on the website in an ADA compliant format
