GIFTED AND TALENTED HANDBOOK

INTRODUCTION

Pike County Schools Gifted and Talented Program

Introduction

Welcome to the Pike County Schools and our Gifted and Talented Program District Handbook. We are delighted with your interest in services for gifted and talented services. The old adage that special people have special needs has never been more accurate.

Our district accepts its responsibility to children with unrealized potential or those for whom existing gifts and talents are masked by impediments to achievement. We believe giftedness occurs in many different disciplines, in many different cultures, and in all socioeconomic levels. We are proud of the hard work and dedication of the district and school teams we have assembled to help these unique and special students reach their full potential.

The Pike County Gifted and Talented program is designed to offer students a continuing experience of support, challenge, and success. From primary through the twelfth grade, students are encouraged to maximize abilities and prepare for a wide range of opportunities. Pike County Schools support a flexible, inclusive, and broad-based program utilizing a multi-dimensional teaching approach. Placing emphasis on learning processes that involve the cognitive and affective domains allows the students to become intellectually and creatively productive adults.

This handbook is compiled of state and local guidelines, identifications, placement procedures, and suggestions on multiple service options, as well as, appropriate forms for each area of giftedness.

Pike County Schools Gifted and Talented Mission Statement

It is the belief of the Pike County School District that all students bring to school special talents and abilities. Our schools offer education environments that enhance the student's ability to process through a challenging curriculum while recognizing diversity in ability, background, and interest.

Gifted and Talented is one component in the district's educational program developed to meet the needs of students who demonstrate exceptional potential in one or more of these areas:

- General Intellectual Ability
- Specific Academic Aptitude
- Creative or Divergent Thinking
- Leadership/Psychosocial Ability
- Visual or Performing Arts

Students who are identified for inclusion in Gifted and Talented will be provided a variety of talent development opportunities dependent upon individual learner characteristics, interests, and educational level. Talent development services may include cluster grouping, accelerated and/or differentiated curriculum, independent study opportunities, special seminars, regular classroom enrichment, computer-assisted learning, mentorships, field trips, and special study options (AP and Honors courses).

The Pike County Schools hold high educational expectations for its students. Gifted and Talented exists to provide those students with exceptional talents both challenging and diverse opportunities to prepare them for the future.

Pike County Schools Gifted and Talented Program State Regulations

704 KAR 3:285. Programs for the Gifted and Talented

RELATES TO: KRS 157.196, 157.200(1)(n), 157.224, 157.230 STATUTORY AUTHORITY: KRS 156.070, 157.196(3), 157.220, 157.224

NECESSITY, FUNCTION, AND CONFORMITY: KRS 157.200(1)(n) includes within the definition of "exceptional children" a category of "exceptional students" who are identified as possessing demonstrated or potential ability to perform at an exceptionally high level in general intellectual aptitude, specific academic aptitude, creative or divergent thinking, psychosocial or leadership skills, or in the visual or performing arts. KRS 157.224(1) commits the state to a comprehensive educational program for its exceptional school-aged children. KRS 157.230 requires all school districts to operate programs for resident exceptional children, primary - grade twelve (12). This administrative regulation establishes the requirements for programs for gifted and talented students.

Section 1. Definitions.

- (1) "Acceleration options" means various forms of advancing through material or grade levels prior to the prescribed time based on early mastery, such as pretesting in content and being excused to go onto higher level activities, curriculum compacting or linear acceleration, simultaneous or dual enrollment in courses at different grade levels including postsecondary, early exit from school, and grade-skipping.
- (2) "Advanced placement and honors courses" means courses emphasizing college-level content based on college board curricula and tests (advanced placement), or the provision of more challenging material through higher levels of content, process and product (honors courses).
- (3) "Cluster group" means a group usually consisting of four (4) or more identified students placed in a heterogeneous classroom or other instructional setting with a teacher trained in the appropriate instruction of special needs students, specifically gifted and talented, for the purpose of receiving a differentiated educational experience matched to the student's needs, interests, and ability.
- (4) "Collaborative teaching" means a gifted education teacher provides differentiated direct instruction in a regular classroom to a cluster group of identified gifted students in conjunction with the regular classroom teacher.
- (5) "Consortium" means a collaboration of schools or districts that pool resources to provide appropriate services for gifted and talented students.
- (6) "Consultation services" means the provision of instructional information and materials by the gifted teacher to the regular classroom teacher so that he may provide appropriate and adequate services to the gifted student while in the regular classroom setting.
- (7) "Counseling services" means effectively-based counseling assistance planned in coordination with the gifted teacher and provided by a counselor familiar with the characteristics and socioemotional needs of gifted and talented students.
- (8) "Creative or divergent thinking ability" means possessing either potential or demonstrated ability to perform at an exceptionally high level in creative thinking and divergent approaches to

704 KAR 3:285. Programs for the Gifted and Talented

conventional tasks as evidenced by innovative or creative reasoning, advanced insight and imagination, and solving problems in unique ways.

- (9) "Diagnosis" means the evaluation and determination of the appropriate type and level of service options which would meet a given individual child's interests, needs, and abilities.
- (10) "Differentiated service experiences" means educational experiences which extend, replace, or supplement learning beyond the standard curriculum.
- (11) "Differentiation" means a method through which educators shall establish a specific, well-thought-out match between learner characteristics in terms of abilities, interests, and needs, and curriculum opportunities in terms of enrichment and acceleration options which maximize learning experiences.
- (12) "Disadvantaged" means operating under conditions detrimental to normal cognitive or affective growth due to socioeconomic limitations, cultural factors, geographic isolation, or various combinations of these factors to a degree that requires special considerations.
- (13) "Distance learning" means learning opportunities offered through the use of computer technology and satellite transmission or optical fiber transmission.
- (14) "Extracurricular enrichment opportunities" means differentiated, academically-based activities that supplement classroom instruction and are often after school and competitive in nature, such as academic teams.
- (15) "Formal identification" means a process by which a student in grades four (4) through twelve (12) is identified and diagnosed as having gifted characteristics and behaviors using a balanced combination of criteria specific to a category of giftedness intellectual aptitude, specific academic aptitude, creativity, leadership, or visual and performing arts, and by which a student may be determined eligible for various levels of services in each category in which the student meets the criteria.
 - (16) "General intellectual ability" means possessing:
- (a) Either the potential or demonstrated ability to perform at an exceptionally high level in general intellectual ability, which is usually reflected in extraordinary performance in a variety of cognitive areas, such as abstract reasoning, logical reasoning, social awareness, memory, nonverbal ability and the analysis, synthesis, and evaluation of information; and
- (b) A consistently outstanding mental capacity as compared to children of one's age, experience, or environment.
- (17) "Gifted and talented identification and placement committee" means a school or district committee made up of the gifted education coordinator or a gifted education teacher and representatives from classroom teachers, administrators, counselors, special education teachers and other appropriate personnel who follow district policies and procedures to formally identify and determine level and type of service options.
- (18) "Gifted and talented student services plan" means an educational plan that matches a formally identified gifted student's interests, needs, and abilities to differentiated service options and serves as the communication vehicle between the parents and school personnel.
- (19) "High potential learners" means those students who typically represent the top quartile (twenty-five (25) percent) of the entire student population in terms of the degree of demonstrated gifted characteristics and behaviors and require differentiated service experiences to further develop their interests and abilities.
- (20) "Independent study" means a self-directed course or study of a selected topic under the supervision of a teacher or the auspices of a university.

704 KAR 3:285. Programs for the Gifted and Talented

- (21) "Informal selection" means a process by which a student in the primary program is documented as having the characteristics and behaviors of a high potential learner in one (1) or more categories using a series of informal measures for the purpose of determining eligibility for the talent pool.
- (22) "Instructional grouping" means the temporary grouping of students for the purposes of addressing specific continuous progress skill development, socioemotional needs, and interests.
- (23) "Magnet school" means a school which is organized around an area of interests, draws students from an entire community, and has no specific entrance standards except interest in the focus of the school (e.g., a magnet school for the arts or a magnet school for science and mathematics).
- (24) "Mentorship" means specialized studies, such as an internship, with an adult mentor in the community and under the direction of an educator knowledgeable in gifted education.
- (25) "Primary review committee" means primary teachers, counselors, administrators, gifted education personnel, and other appropriate personnel familiar with the child's potential or demonstrated abilities.
- (26) "Psychosocial or leadership ability" means possessing either potential or demonstrated ability to perform at an exceptionally high level in social skills and interpersonal qualities such as poise, effective oral and written expression, managerial ability, and the ability, or vision, to set goals and organize others to successfully reach those goals.
 - (27) "Resource services" means a service delivery option that:
- (a) Entails a part-time grouping of students with gifted characteristics based on the interests, needs and abilities of the students:
- (b) Is designed for accelerated content, special interest groups, process skills development or various combinations of all; and
 - (c) Is provided in a pull-out classroom or other appropriate instructional setting.
- (28) "Seminars" means discussion-based sessions on specific topics focusing on advanced content and higher level process skills.
 - (29) "Special school" means a specialized school designed to:
- (a) Serve gifted students in grades four (4) through twelve (12) in specific academic areas (such as a magnet school in science and mathematics); or
 - (b) Develop specific areas of giftedness such as visual and performing arts.
- (30) "Specific academic aptitude" means possessing either potential or demonstrated ability to perform at an exceptionally high level in one (1), or very few related, specific academic areas significantly beyond the age, experience or environment of one's chronological peers.
- (31) "Talent pool" means a group of primary students informally selected as having characteristics and behaviors of a high potential learner and further diagnosed using a series of informal and formal measures to determine differentiated service delivery needs during their stay in the primary program.
- (32) "Travel study options" means academically-based United States and overseas travel which may result in high school or university course credit.
- (33) "Underachieving" means the development of a significant gap between a student's potential ability and demonstrated achievement to a degree that there is an overall diminished ability to achieve at the expected level of ability.
- (34) "Visual or performing arts ability" means possessing either potential or demonstrated ability to perform at an exceptionally high level in the visual or performing arts and demonstrating potential for outstanding aesthetic production, accomplishment, or creativity in visual art, dance, music, or drama.

704 KAR 3:285. Programs for the Gifted and Talented

Section 2. Policies and Procedures.

A local school district shall have in operation and available for public inspection local board approved policies and procedures which address each requirement in this administrative regulation and are consistent with KRS 157.200, 157.224, 157.230 and 703 KAR 4:040.

<u>Section 3. Identification and Diagnosis of Gifted Characteristics</u>, Behaviors, and Talent and Determination of Eligibility for Services.

- (1) A district shall adopt policies and procedures which shall provide for identification and diagnosis of strengths, gifted behaviors and talents through:
 - (a) Informal selection and diagnosis in the primary program;
 - (b) Formal identification and continuous diagnosis of a student in grades four (4) through twelve (12); and
 - (c) Provision of multiple service delivery options in primary through grade twelve (12).
- (2) A local school district shall establish a procedure that identifies students displaying gifted and talented behaviors and characteristics as defined in KRS 157.200 and Section 1 of this administrative regulation and allows for determination of eligibility for services based on the student's individual needs, interests and abilities. This procedure shall include a combination of informal measures, formal measures and objective-based eligibility criteria. Determination of appropriateness of level and type of services provided to a student shall be subject to continuous assessment.
- (3) A local school district shall provide a system for diagnostic screening and identification of strengths, gifted behaviors and talents which provides equal access for racial and ethnic minority children, disadvantaged children, and children with disabilities.
- (4) District identification and diagnosis procedures for appropriate services shall be based upon a balanced multiple criteria approach, continuous and multiple long-term assessment, and early identification and diagnosis of strengths, gifted behaviors and talents.
- (5) A local school district shall implement a procedure to obtain parental or guardian permission prior to the administration of an individual test, given as a follow-up to a test routinely administered to all students, used in formal identification and prior to official identification and placement.
- (6) Beginning with the 2001-2002 school year, a local school district shall implement a procedure to obtain information related to the interests, needs, and abilities of an identified student from his parent or guardian for use in determining appropriate services. A parent or guardian of an identified student shall be notified annually of services included in his child's gifted and talented student services plan and specific procedures to follow in requesting a change in services.
- (7) In the primary program, formal, normed measures may be used for diagnosing the level of instructional service needed by a student and for evaluation of student progress. Data from formal, normed measures shall not be used for the purpose of eliminating eligibility for services to a child in the primary program but may be used to discover and include eligible students overlooked by informal assessment.

704 KAR 3:285. Programs for the Gifted and Talented

- (8) A single assessment instrument or measure shall not be the basis for denying services once a child has been informally selected and placed in the talent pool.
- (9) For children in the primary program, the procedure for selecting a high potential learner for participation in the primary talent pool shall include use of a minimum of three (3) of the following recognized or acceptable assessment options to assess the degree of demonstrated gifted

characteristics and behaviors and to determine level of need and most appropriate service interventions:

- (a) A collection of evidence (e.g., primary portfolios) demonstrating student performance;
- (b) Inventory checklists of behaviors specific to gifted categories;
- (c) Diagnostic data;
- (d) Continuous progress data;
- (e) Anecdotal records;
- (f) Available formal test data;
- (g) Parent interview or questionnaire;
- (h) Primary review committee recommendation;
- (i) Petition system; and
- (j) Other valid and reliable documentation.
- (10) Exit from the primary program shall be based on criteria established by 703 KAR 4:040.
- (11) For a student in grades four (4) through twelve (12), a local school district's procedure for identifying and diagnosing gifted and talented behaviors, and the level of services needed, shall include:
- (a) A valid and reliable combination of measures to identify strengths, gifted behaviors and talents which indicate a need and eligibility for service options;
- (b) At least three (3) of the following recognized or acceptable assessment options for identification and diagnosis:
 - 1. A collection of evidence from portfolios demonstrating student performance;
 - 2. Inventory checklists of behaviors specific to gifted categories;
 - 3. Continuous progress data;
 - 4. Anecdotal records;
 - 5. Peer nominations:
 - 6. Formal testing data specific to gifted categories;
 - 7. Parent interview or questionnaire;
 - 8. Primary review committee recommendation for those entering the fourth grade:
 - 9. Self-nomination or petition system:
 - 10. Student awards or critiques of performance or products specific to gifted categories; and
 - 11. Other valid and reliable documentation;
- (12) To qualify as a gifted and talented student in grades four (4) through twelve (12), the following criteria shall be met in one (1) of these gifted and talented categories:
- (a) General intellectual ability shall be determined by a student score within the ninth stanine on a full scale comprehensive test of intellectual ability. If a student scores low on formal group measures of intellectual ability, yet other documentation shows potential, the district shall administer an individual mental ability test. Evidence of general intellectual ability also may include:
 - 1. High performance on additional individual or group intellectual assessment;
 - 2. Observation of applied advanced reasoning ability; or
 - 3. Checklist inventories of behaviors specific to underachieving or disadvantaged gifted learners.

704 KAR 3:285. Programs for the Gifted and Talented

- (b) Specific academic aptitude shall be determined by composite scores in the ninth stanine on one (1) or more subject test scores of an achievement test. If a student scores low on a formal group measure of academic strength, yet other documentation shows potential, the district shall administer another standardized normed achievement test. Evidence of specific academic aptitude also may include:
 - 1. High performance on an additional individual or group test of academic aptitude;
 - 2. Student awards or critiques of performances;
 - 3. Off-level testing;
 - 4. Portfolio of high academic performances; or
 - 5. Student progress data.
- (c) Creativity shall be determined through the use of informal or formal assessment measures of a child's capacity for originality of thought, fluency, elaboration, and flexibility of thought. Documented evidence of creative thinking ability also may include:
 - 1. Creative writing samples;
 - 2. High scores on tests of creative ability (e.g., Williams or Torrance, etc.);
 - 3. Behavioral checklists or observations specific to creative behavior; or
 - 4. Observation of original ideas, products or problem-solving.
- (d) Leadership or psychosocial abilities shall be determined by a variety of informal measures and the documentation of the willingness of a student to assume leadership roles in class, in a student organization, and in a community activity. Evidence of psychosocial or leadership ability also may include:
 - 1. Sociograms (i.e., questionnaires designed to assess leadership characteristics);
 - 2. Peer recommendations;
 - 3. Behavioral checklists or observations specific to leadership behavior;
 - 4. Portfolio entries which display leadership qualities; or
 - 5. Offices held by student in extracurricular activities and class government.
- (e) Visual and performing arts talent shall be determined through evidence of performance which may include auditions, letters of recommendations, or product or portfolio assessment by specialists or professional artists. Evidence of visual or performing arts also may include:
 - 1. Awards or critiques of performance; or
 - 2. Portfolio of visual or performing arts ability.

Section 4. Procedure for Determining Eligibility for Services.

- (1) Identification of gifted characteristics, behaviors and talent shall be based on the following process:
- (a) Data gathering. A district shall develop a system for searching the entire school population on a continuous basis for likely candidates for services using both informal and available formal, normed, standardized measures, including measures of nonverbal ability;
- (b) Data analysis. A district shall develop a system for analyzing student data for the purposes of a comparison of the students under consideration for identification to local or national norms, including those required in this administrative regulation, and to district-established criteria of eligibility for each category of giftedness;
- (c) Committee for determination of eligibility and services. A school district or school shall assemble a selection and placement committee which shall have four (4) purposes:
 - 1. To provide feedback on the adequacy of the district's identification and diagnostic procedure;

704 KAR 3:285. Programs for the Gifted and Talented

- 2. To ensure that a variety of views are heard during the selection and placement process;
- 3. To determine which students meet identification criteria and which services, at what level, shall be included in each identified student's gifted and talented student services plan; and
 - 4. To help provide communication and support in the schools and community;
- (d) Provision of services. A district shall implement articulated services from primary through grade twelve (12) which provide multiple delivery options matched to diagnosed behaviors, strengths and characteristics of individual students; and
- (e) Petition and appeal for services. A district shall provide a petition system as a safeguard for a student who may have been missed in the identification and diagnosis procedure.
- (2) Exceptions and special considerations for eligibility. School personnel shall take into consideration environmental, cultural, and disabling conditions which may mask a child's true abilities that lead to exclusion of otherwise eligible students, such as a student who qualifies as:
 - (a) An exceptional child as defined in KRS 157.200;
 - (b) Disadvantaged; or
 - (c) Underachieving.

Section 5. Program Evaluation.

- (1) District policies and procedures shall ensure that a program evaluation process shall be conducted on an annual basis and shall address:
 - (a) Overall student progress;
 - (b) Student, parent, and faculty attitudes toward the program;
 - (c) Community involvement;
 - (d) Cost effectiveness;
 - (e) The incorporation of gifted education into the regular school program:
 - (f) Overall quality of instruction and program personnel credentials; and
 - (g) Future program directions and modifications.
- (2) Data collected in the annual program evaluation shall be utilized in the school and district instructional planning process.
- (3) Beginning with the 2001-2002 school year, local district policies and procedures shall ensure that the school personnel report to a parent or guardian the progress of his child related to the gifted and talented student services plan at least once each semester.

Section 6. Service Delivery Options.

- (1) A student diagnosed as possessing gifted characteristics, behaviors or talent shall be provided articulated, primary through grade twelve (12) services which:
 - (a) Are qualitatively differentiated to meet his individual needs;
 - (b) Result in educational experiences commensurate with his interests, needs and abilities; and
 - (c) Facilitate the high level attainment of goals established in KRS 158.6451.
- (2) For a student in a primary program, services shall be provided within the framework of primary program requirements and shall allow for continuous progress through a differentiated curriculum and flexible grouping and regrouping based on the individual needs, interests, and abilities of the student.
- (3) Emphasis on educating gifted students in the general primary classroom, shall not preclude the continued, appropriate use of resource services, acceleration options, or the specialized

704 KAR 3:285. Programs for the Gifted and Talented

service options contained in subsection (5) of this section. A recommendation for a service shall be made on an individual basis

- (4) Grouping for instructional purposes and multiple services delivery options shall be utilized in a local district gifted education plan. Student grouping formats shall include grouping for instructional purposes based on student interests, abilities, and needs, including social and emotional.
- (5) There shall be multiple service delivery options with no single service option existing alone, districtwide, at a grade level. These service delivery options shall be differentiated to a degree as to be consistent with KRS 157.200(1). Both grouping for instructional purposes and multiple service delivery options may include:
- (a) Various acceleration options (e.g., early exit from primary, grade skipping, content and curriculum in one (1) or more subjects from a higher grade level):
 - (b) Advanced placement and honors courses;
 - (c) Collaborative teaching and consultation services;
 - (d) Special counseling services;
 - (e) Differentiated study experiences for individuals and cluster groups in the regular classroom;
 - (f) Distance learning;
 - (g) Enrichment services during the school day (not extracurricular);
 - (h) Independent study;
 - (i) Mentorships;
 - (j) Resource services delivered in a pull-out classroom or other appropriate instructional setting;
 - (k) Seminars;
 - (I) Travel study options; or
 - (m) Special schools or self-contained classrooms, grades four (4) through twelve (12) only.
- (6) With the exception of an academic competition or optional extracurricular offering, services shall be provided during the regular school hours.
- Section 7. Curriculum. (1) A comprehensive framework or course of study for children and youth who are diagnosed as possessing gifted characteristics, behaviors and talent shall be based on a district or school's curricula required to meet the goals established in KRS 158.6451.
- (2) A school shall differentiate, replace, supplement, or modify curricula to facilitate high level attainment of the learning goals established in KRS 158.6451 and to assist students identified and diagnosed as gifted and talented to further develop their individual interest, needs and abilities.
- Section 8. Personnel. A local school district shall ensure that direct services to students identified as demonstrating gifted and talented behaviors and characteristics shall be provided by professionally qualified and certified personnel as required by the Education Professional Standards Board.
- (1) A teacher shall be appropriately endorsed in gifted education in accordance with 704 KAR 20:280 if the teacher works:
 - (a) directly with identified gifted pupils in addition to the regularly assigned teacher; or
- (b) for at least one-half (1/2) of the regular school day in a classroom made up only of properly identified gifted students.

704 KAR 3:285. Programs for the Gifted and Talented

(2) All other personnel working with gifted students shall be prepared through appropriate professional development to address the individual needs, interests, and abilities of the students.

Section 9. Budget; Funding.

- (1) State funds for gifted education shall be used specifically for direct services to students who are gifted and talented. Direct services to students identified as demonstrating gifted and talented behaviors and characteristics shall be provided by professionally qualified and certified personnel as required by the Education Professional Standards Board in 704 KAR 20:280. Seventy-five (75) percent of a district's gifted education allocation shall be used to employ properly certified personnel to provide direct instructional services.
- (2) A local district budget decision impacting state funds for gifted education after the annual submission of the local district education plan shall be coordinated through the district gifted education coordinator. If the change will cause a major or significant adjustment to the district gifted education budget, the change shall be submitted to the Kentucky Department of Education for approval as an amendment.
 - (3) A district receiving state gifted education funding shall designate a gifted education coordinator to:
 - (a) Oversee the district gifted education operation;
 - (b) Serve as liaison between the district and the state;
 - (c) Ensure internal compliance with state statutes and administrative regulations; and
 - (d) Administer and revise the gifted education program budget.
 - (4) State funding to a district shall be contingent upon:
 - (a) Employing properly certified personnel to administer and teach in the program;
 - (b) The annual submission of a local district gifted education year-end report;
 - (c) A summative evaluation of the program and student progress; and
 - (d) Complying with this administrative regulation.

Section 10. Procedural Safeguards.

A school district shall establish a grievance procedure through which a parent, guardian or student may resolve a concern regarding the appropriate and adequate provision of talent pool services or services addressed in a formally identified student's gifted and talented student services plan. This districtwide grievance procedure shall address:

- (1) How, and by whom, the grievance procedure is initiated;
- (2) The process for determining the need to evaluate or reevaluate the child for appropriate services;
- (3) The criteria for determining if placement of the child needs revision;
- (4) Procedures for ensuring that appropriate services are provided to all identified students consistent with KRS 157.200 and 157.230; and
- (5) Procedures for ensuring the participation of the parent or guardian, a regular education teacher of the student, a gifted education teacher or coordinator, administrator, and a counselor in addressing a grievance. (4 Ky.R. 528; eff. 7-5-78; Am. 9 Ky.R. 40; eff. 8-11-82; 17 Ky.R. 111; eff. 9-13-90; 20 Ky.R. 1685; 2350; eff. 3-9-94; 26 Ky.R. 203; 608; eff. 9-1-99.)

08.132

Pike County Schools

Gifted and Talented Students

DISTRICT PROVIDES

The District shall formally identify students in grades four through twelve (4-12) for participation in the District's Gifted and Talented program. Students in the primary program (P1-P4) who display gifted or talented characteristics shall be selected through an informal process, be placed in a talent pool, and receive services that allow continuous progress.

In compliance with applicable statutes and administrative regulations, the District shall provide appropriate multiple-service options in an environment that addresses the abilities, interests and needs of students eligible for services in one (1) or more of the following categories: intellectual aptitude; specific academic aptitude; creative or divergent thinking; psychosocial or leadership skills; and visual or performing arts.

The definitions specified in <u>704 KAR 003:285</u> shall be used in the operation of the District's programs for gifted and talented students.

IDENTIFICATION/DIAGNOSIS AND ELIGIBILITY

In compliance with <u>704 KAR 003:285</u> the Superintendent/designee shall develop strategies to address identification and diagnosis of the strengths, behaviors, and talents of these students. Determination of eligibility for Gifted and Talented services shall be based on the student's individual needs, interests, and abilities and shall be designed to address environmental and cultural factors that may contribute to the student being overlooked such as whether the student is economically disadvantaged or underachieving, is a member of a racial or ethnic minority, or has a disability.

The District's plan for identifying gifted and talented students shall:

- Employ a multifaceted approach and utilize ongoing and long-term assessment;
- 2. Be based on a variety of valid and reliable measures to include both informal and formal techniques and other data specific to each category of giftedness, consistent with standards established by Kentucky Administrative Regulation;
- 3. Screen students for all areas of giftedness as defined by KRS 157.200.

Based on data gathered by the Gifted/Talented Coordinator or gifted education teacher, a selection/placement committee shall determine those students who are eligible for gifted education services and the level of the services to be provided. This committee shall consist of the Principal or designee, the Gifted/Talented Coordinator and/or the gifted education teacher, classroom teacher(s), teacher(s) of students with disabilities, counselor(s), and consulting professional(s), as appropriate.

Prior to selection or formal identification and placement of a student, the District shall obtain parental or guardian permission before administering an individual test to the student given as a follow-up to a test routinely administered to all students and used in formal identification. If it is determined that their child is eligible for gifted education services, parents/guardians also shall be notified, at least once annually, of the services included in the gifted and talented student services plan and shall receive a copy of the procedures to be followed should they wish to appeal the appropriateness of services.

08.132 (CONTINUED)

Pike County Schools Gifted and Talented Students

SERVICES

Gifted and talented students shall be provided with a student services plan that meets requirements set out in administrative regulation.

Each school shall adjust its curriculum to meet the needs of gifted and talented students. Gifted and talented students shall be served in a manner that:

- 1. Extends learning beyond the standard curriculum;
- 2. Provides flexible curricular experiences commensurate with the student's interests, needs, and abilities; and
- 3. Helps the student to attain, to a high degree, the goals established by statute and the Board.

Procedures and strategies to implement this policy shall identify the following:

- A variety of appropriate options for grouping by ability, interest, and/or need,
- Multiple-service options reflecting continuous progress through a logical sequence of learning,
- Means of obtaining parental input for use in determining appropriate services,
- A gifted and talented student services plan format that provides for matching a formally identified gifted student's interests, needs, and abilities to differentiated service options, and
- A plan for reporting to parents, at least once each semester, regarding their child's progress in services included in the student's services plan.

Neither the primary program nor any grade level shall be served by only one (1) gifted education service option.

PERSONNEL

The Superintendent shall appoint a Gifted/Talented Coordinator who shall oversee the operation of the District's Gifted and Talented program and assist schools in implementing the provisions of this policy. The Gifted/Talented Coordinator shall oversee the expenditure of funds for gifted education to ensure they are used to provide direct services to identified students.

Teachers of gifted and talented students shall meet requirements for certificate endorsement as established in Kentucky Administrative Regulation. Through professional development activities, all teachers shall receive training on identifying and working with gifted and talented students.

08.132 (CONTINUED)

<u>Pike County Schools</u> Gifted and Talented Students

PROGRAM EVALUATION

The Gifted/Talented Coordinator shall coordinate the annual, ongoing process of evaluating all aspects of the gifted education program and make recommendations for upgrading those areas found to be deficient. Data collected in the annual evaluation shall be used in the comprehensive improvement planning process, and results of the evaluation shall be presented to the council in SBDM schools for review of instructional progress and to the Board who shall determine if District goals are being accomplished.

GRIEVANCES

Students or parents who wish to file a grievance or appeal concerning the following areas may do so under the process outlined in administrative procedures:

- 1. The District's process for selecting students for talent pool services;
- 2. The District's process for formal identification of gifted and talented students; or
- 3. The appropriateness and/or adequacy of talent pool services or services addressed in a formally identified student services plan.

This policy and the procedures to implement it shall be made available for public inspection.

Adopted/Amended: 08/20/2002

Order #: 02-08-V-06

<u>Pike County Schools</u> <u>Gifted and Talented Students</u>

SELECTION FOR SERVICES

The District shall systematically collect data on an ongoing basis that will provide the target population of candidates for services.

Primary students shall be selected and students in grades four through twelve (4-12) shall be identified in accordance with 704 KAR 3:285.

Once selected as qualifying for Primary Talent Pool services, a primary student need not be re-evaluated, except to determine suitability of services, until the end of the P4 year.

Once identified as qualifying for gifted education services in grades four through twelve (4-12), a student need not be reevaluated, except to determine suitability of services.

At least once each school year, teachers will be provided information concerning the on-going identification process.

The Gifted-Talented Coordinator shall establish a process for identifying and implementing methods for providing equal access to services to under-represented populations.

CURRICULUM

Each school shall provide a differentiated, articulated curriculum in accordance with Kentucky Administrative Regulations. Curricular materials shall be those designed to challenge:

- 1. The talent pool participant (P-P4) while focusing on continuous progress; and
- 2. The formally identified gifted learner (grades 4-12) and further develop the diagnosed talent and/or area of giftedness.

Service options for the formally identified gifted learner (grades 4-12) shall be described in the gifted and talented student services plan (GSSP), shall match the learner's needs, interests, and abilities, and shall be qualitatively differentiated from those provided in the standard curriculum.

Personnel/Funding

The District shall submit an application to the state in which seventy-five percent (75%) of the state funds for gifted education shall be used in the category of personnel, including salary, for those who primarily provide direct instructional services to students identified as demonstrating gifted and talented behaviors and characteristics. These teachers shall work directly with Primary Talent Pool/formally identified students, in addition to the regularly assigned classroom teacher(s) or for at least one-half (1/2) of the regular school day in a classroom made up only of properly identified gifted students. These teachers must hold an appropriate certificate of endorsement for gifted education or an official approval.

Funding for any services beyond the state allocation shall be from school allocations as determined in the District budget.

08.132 AP.1 (CONTINUED)

Pike County Schools Gifted and Talented Students

PROGRAM EVALUATION

Performance data shall be collected by the Gifted-Talented Coordinator as directed by administrative regulation for annual submission to the Kentucky Department of Education.

Each year the Gifted-Talented Coordinator shall be responsible for collecting data required for the annual report and submitting it to the Superintendent for his/her information prior to forwarding it to the Kentucky Department of Education. School data shall be signed by the Principal/Council Chair.

PROCEDURAL SAFEGUARDS AND GRIEVANCES

Parents and/or students (Grades P-12) may petition for identification or may appeal nonidentification or appropriateness of services.

- 1. The appealing party shall submit in writing to the Gifted-Talented Coordinator specifically why s/he believes that screening results are not accurate or talent pool services or service options in the gifted and talented student services plan are not appropriate and why an exception should be made or reconsideration given.
- 2. The Gifted-Talented Coordinator shall compile student data and present that along with the petition or appeal to the Selection/Placement Committee. The information presented shall include a recommendation accompanied by available substantiating evidence.
- 3. The Committee shall hear appeals, make a recommendation, and respond in writing to the appealing party within ten (10) working days of receipt of the appeal and accompanying information. If the appeal concerns the non-availability of appropriate service options, the Committee shall consult with the school council.
- 4. If the Committee rules in favor of the grievant, the following option shall apply as appropriate:
 - a) S/he may participate in the program as soon as the parent or guardian signs the required permission form.
 - b) A change in either the gifted and talented student services plan or provision of services shall be made in a timely manner.
- 5. If the Committee rules against the grievant, a further written appeal may be made to the Superintendent, who must respond in writing within ten (10) working days of receipt of the appeal.
- 6. Should the Superintendent uphold the decision of the Selection/Placement Committee, the appealing party may petition the Board, which will have the final decision in the case. The Board shall make a determination at the next regular meeting following receipt of the appeal.

Review/Revised: 8/17/2004

PIKE COUNTY SCHOOLS GIFTED AND TALENTED PROGRAM

GENERAL DISTRICT GUIDELINES

- ❖ A Districtwide Gifted and Talented Committee will be established each year to help develop policies and procedures, identification standards, and identify the students to be served. This committee will consist of representatives from schools in the District and may also have representatives from the teaching staff, administrative staff, counselors, community, and parents. The committee will also consist of the Gifted and Talented School Coordinators, the Gifted and Talented District Resource Instructor, and District Gifted and Talented District Coordinator.
- The District Gifted and Talented Committee will have two meetings a year for the purpose of accepting students for the primary talent pool and formally identifying Gifted and Talented students in each of the five (5) areas. These meetings will be held in October and February.
- ❖ Parents will be notified with a District Notification Letter if they have a child who is eligible to participate in the primary "talent pool" or they receive Gifted and Talented services in one of the five (5) identified areas. Parents are encouraged to contribute suggestions they believe would be helpful to the District in designing the Gifted Student Services Plan (GSSP).
- Parents or guardians and teachers may appeal a decision as provided in the District's Appeals Policy for a student who has been nominated but not identified by the District Gifted and Talented Committee.
- Criteria for identification are listed for each specific area of giftedness in the District Gifted and Talented Handbook.
- ❖ Identified students will be served each year at all levels (primary, upper elementary, middle school, and high school) with more than one service option. A review of all records will occur at the end of each transition stage: elementary, middle, and high.
- Transfer students from other school districts will qualify for Gifted and Talented upon receipt of verification of formal identification and placement. The parent/guardian is responsible for providing the required records to the principal upon enrollment.

GENERAL SCHOOL GUIDELINES

- A parent permission form must be signed by the parent/guardian before a student can be formally assessed, identified, a GSSP is written, and services are provided to a student.
- Each school will have a Gifted and Talented Committee to assist with the formal identification for each recommended student. The Committee will consist of at least a school administrator/designee, classroom teacher, and the School Level Gifted and Talented Coordinator. For those students who are recommended for identification in any of the Visual and Performing Arts areas or vocal, instrumental, dance, drama and/or art, the School's Gifted and Talented Committee members may change to reflect the expertise needed for identification.
- Each identified student will have an annual GSSP designed to meet the student's individual interests, needs, and abilities.
- ❖ Parents/guardians will receive a copy of the GSSP no later than October for returning students and within one month of identification for newly identified students. They will also receive a minimum of two progress reports (one each semester) throughout the year.
- ❖ Each student will have a Pike County Schools Student Services Summary folder that will follow the student through their academic career. This folder will be kept with the student's cumulative file.

NOMINATION TIMELINE AND PROCESS

- Nominations from teachers, administrators, and parents can be accepted at any time throughout the school year, for any grade level, grades 4-12, and for any of the five (5) areas of gifted education. The District Gifted and Talented Committee, compose of School Gifted and Talented Coordinators from each school, as well as, District administrative staff, will meet twice each year to accept formal identification of students in October and March.
- ❖ Additionally, teachers and administrators in grades 4-12 will be encouraged to nominate students in April and May at the end of the school year (when staff know the students better). These nominations will be held until the spring's state test scores are reported to the schools prior to fall break to determine if additional testing is necessary before formal identification and placement.
- Three pieces of evidence, with at least one being a 'primary' piece of evidence, for each identified area must be included when teachers and administrators nominate students.

The current year's teacher or the previous year's teacher will complete the nomination process when scores are returned from the spring's state testing and students are eligible for consideration but have not received a teacher nomination.

SCHOOL COMMITTEE GUIDELINES

- Review teacher/parent/student recommendation forms for appropriate specialty area(s).
- Obtain parent permission to review the student portfolio and/or student data.
- Review the "Selection Criteria" for each of the specialty areas. The student's portfolio, testing and/or relevant student data will be reviewed to determine student qualification. Individual student score sheets for the specialty areas of Visual and Performing Arts, Creativity, and Leadership will be completed for each student and placed in the student's Gifted and Talented folder.
- ❖ Determine the most appropriate service delivery options for the identified children in each category after the "Permission/Denial Form" has been returned. The School Gifted and Talented Coordinator, teachers, or counselor responsible for providing services and keeping appropriate records will be identified and notified. The School Gifted and Talented Coordinator, teachers, or counselor will be responsible for writing and implementing the Gifted Student Service Plan (GSSP) and reporting of student progress to parents at the end of each semester (two times during the school year).
- Recommendations may cover all specialty areas: General Intellectual Ability, Specific Aptitude Ability, Creativity, Leadership, and Visual and Performing Arts. The School Gifted and Talented Committee can make recommendations for any specialty area. Once a student is identified, the student will qualify for services as long as they are in school. The students placed in the Gifted and Talented program do not have to be identified each year.
- ❖ If a student qualifies for services, the School Gifted and Talented Coordinator will notify parents using the appropriate notification letter and the "Permission/Denial Form." The parent must give approval for the child to receive services. If the parent gives permission for services, the GSSP will be shared with the parent as will the Due Process Information (Grievance Policy). The School Gifted and Talented Coordinator will send the parent the appropriate notification letter if a student is not recommended for formal identification.
- ❖ The Gifted Student Folder which contains the "Pike County Schools Gifted and Talented Student Services Summary" will be monitored by the School Gifted and Talented Coordinator, teacher/teachers or counselors responsible for providing the majority of direct services or as assigned by the principal. The School Gifted and Talented Coordinator is responsible for maintaining or coordinating accurate student enrollment data at the school level.

RECORD KEEPING

Gifted and Talented Folder

The School Gifted and Talented Coordinator is to place all relevant identified student information in ONE Gifted and Talented folder.

The Gifted and Talented Service Plans (GSSP), identification and placement forms of a multi-talented student are kept in this folder. The School Gifted and Talented Coordinator will collaborate with teachers to complete the GSSP. This folder is not a part of the cumulative folder, but should be kept separately. An orange dot should be placed on the cumulative folder indicating that the student has been identified for gifted and talented services.

Transitioning of Records Between Grades/Buildings

The School Gifted and Talented Coordinator at the elementary level will complete the required documentation in the Gifted and Talented folders along with a student listing and send to the receiving middle school prior to the end of the school year. The listing will include the identified special areas per student.

The School Gifted and Talented Coordinator is responsible for transitioning all folders with a student listing when students transition from the prior school to the new school. The listing will include the identified specialty areas per student.

Infinite Campus

Each School Gifted and Talented Coordinator will be responsible for maintaining and/or coordinating accurate data in Infinite Campus throughout the school year.

Each School Gifted and Talented Coordinator will be responsible for ensuring students are exited from Primary Talent Pool, as well as, ensuring all GSSP information concurs with Infinite Campus. 3rd grade student records are to be end dated by June 30th of each year in Infinite Campus.

Individual Learning Plan (ILP)

Each School Gifted and Talented Coordinator will be responsible for maintaining and/or coordinating accurate data uploads to Infinite Campus which automatically uploads GT data to the student's Individual Learning Plan (ILP).

Missing Student Report

The Kentucky Department of Education regularly monitors students who are flagged in Infinite Campus (IC) as identified in any of the five (5) areas of giftedness as well as the Primary Talent Pool in order to ensure that gifted services are being provided and that the district and schools are aware of their gifted-identified students. Periodically, students may have errors in IC or may need their GT files transferred both within and outside of the district. The following information will assist the IC Clerks and the School Gifted and Talented Coordinator in correcting any errors in IC as well as officially requesting a "Records Transfer" so that a student's GT information is up to date and accurate.

GT Records Request- School and District Instructions

Gifted and Talented documentation will not come with an IC records request. Once the "Records Request" is submitted, the School Gifted and Talented Coordinator will need to do the following:

- Locate the student's previous school attended, which is located in IC under the "enrollments" tab.
- Contact the previous school (and/or enrolled school at the time of identification) to request GT records to be sent. Include the contact information in the student's GSSP folder.
- If no documentation is sent, contact the District Gifted and Talented Coordinator so an additional request may be submitted to the previous District's Gifted and Talented Coordinator. Document the district contact in the student's GSSP folder.
- After the District Gifted and Talented Coordinator makes this additional request and no documentation is sent, the School Gifted and Talented Coordinator will make a note in the student's folder that documentation was requested, but the district had none to send.
- Obtain a signed "Permission/Denial to Serve" document from the parent/guardian. Create the student's GSSP.

Gifted and Talented Assurances Kentucky Department of Education

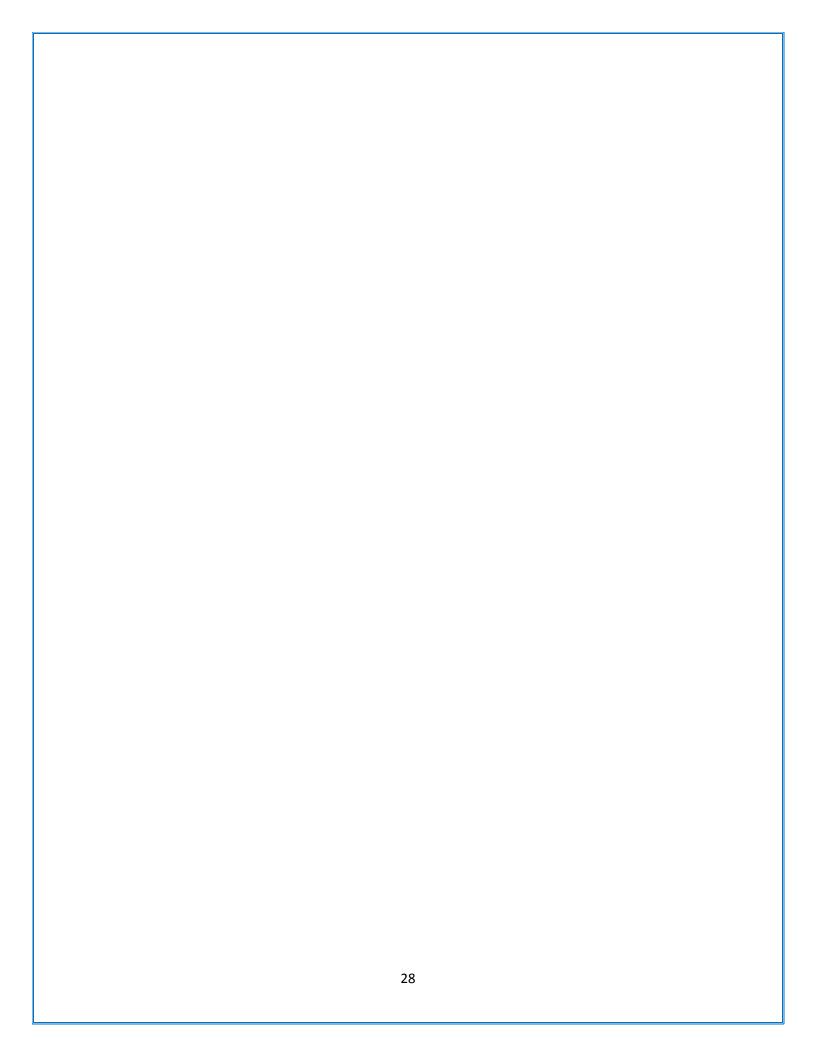

These "Assurances" are those declarations of commitment between a school district and gifted and talented students. Each "Assurance" is linked to one of the Gifted and Talented Regulations found in the Kentucky Administrative Regulations.

- 1. The local school district has in operation and available for public inspection local board approved policies and procedures which address each requirement in 704 KAR 3:285 (Sections 1-10), the administrative regulation for programs for the gifted and talented, and are consistent with KRS 157.200, 157.224, 157.230 and 703 KAR 4:040.
- 2. The local school district adheres to the definitions in Section 1 of 704 KAR 3:285 for primary through grade twelve (12).
- 3. The local school district has adopted policies and procedures for the identification and diagnosis of gifted characteristics, behaviors, and talent and determination of eligibility for services, primary through grade twelve (12) consistent with 704 KAR 3:285. (Section 3)
- 4. The local school district has implemented a procedure to obtain information related to the interests, needs, and abilities of an identified student from her/his parent or guardian for use in determining appropriate services and notifies a parent or guardian annually of services included in her/his child's gifted and talented student services plan and specific procedures to follow in requesting a change in services. (Section 3)
- 5. The local school district has adopted a procedure for determining eligibility for services primary through grade twelve (12). (Section 4)
- 6. The local school district conducts an annual program evaluation process. The local school district has ensured that school personnel report to a parent or guardian the progress of her/his child related to the gifted and talented student services plan at least once each semester. (Section 5)
- 7. The local school district provides articulated primary through grade twelve (12) multiple service delivery options. No single service option exists alone, district wide, at a grade level. (Section 6)
- 8. A comprehensive framework or course of study for children and youth, primary through grade twelve (12), who are diagnosed as possessing gifted characteristics, behaviors and talent is based on a district or school's curricula required to meet the goals established in KRS 158.6451. (Section 7)
- 9. A school has differentiated, replaced, supplemented, or modified curricula to facilitate high level attainment of the learning goals established in KRS 158.6451 and assists students identified as gifted and talented to further develop their individual interests, needs, and abilities. (Section 7)
- 10. The local school district has ensured that direct services to students identified as demonstrating gifted and talented behaviors and characteristics are provided by professionally qualified and certified personnel as required by the Education Professional Standards Board. (Section 8)
- 11. State funds for gifted education are used specifically for direct services to students who are gifted and talented. Direct services to students identified as demonstrating gifted and talented behaviors and characteristics are provided by professionally qualified and certified personnel as required by the Education Professional Standards Board. Seventy-five (75) percent of the district's gifted education allocation is used to employ properly certified personnel to provide direct instructional services. (Section 9)
- 12. The district has designated a gifted education coordinator to oversee the district gifted education operation, serve as liaison between the district and the state, ensure internal compliance with state statutes and administrative regulations, administer and revise the gifted education program budget, and submit to the Kentucky Department of Education for approval as an amendment any local district budget decision change causing a major or significant adjustment, thereby, impacting state funds for gifted education after the annual submission of the local district education plan. (Section 9)
- 13. State funding is contingent upon employing properly certified personnel to administer and teach in the program, the annual submission of the local district gifted education year-end report, a summative evaluation of the program and student progress, and complying with this administrative regulation. (Section 9)
- 14. The local school district has established a district wide grievance procedure through which a parent, guardian or student may resolve a concern regarding the appropriate and adequate provision of talent pool services or services addressed in a formally identified student's gifted and talented student services plan. (Section 10)

PIKE COUNTY SCHOOLS

GIFTED AND TALENTED HANDBOOK

PRIMARY TALENT POOL

PIKE COUNTY SCHOOL SYSTEM PRIMARY TALENT POOL

704 KAR 3:285

The Primary Talent Pool is a group of students (kindergarten – third grades) informally selected as having characteristics and behaviors of a 'high potential learner' and further diagnosed using a series of informal and formal measures to determine differentiated service delivery needs during their stay in the primary program. High potential learners means those students who typically represent the top quartile (25 percent) of the entire population in terms of the degree of demonstrated gifted characteristics and behaviors and require differentiated service experiences to further develop their interests and abilities.

Areas of Potential Giftedness

Primary Talent Pool (PTP) is considered exceptional students possessing demonstrated or potential ability to perform in one or more of the following areas:

- General Intellectual Aptitude
- Specific Academic Aptitude
- Creativity or Divergent Thinking
- Psychosocial or Leadership
- Visual or Performing Arts

Identification

Nomination and inclusion in the Primary Talent Pool is subjective and screening of potential PTP students will include multiple sources of evidence. Data from formal, normed measures **shall not** be used for the purpose of eliminating eligibility for services to a child in primary program; however, these measures may be used to discover and include eligible students overlooked by informal assessment. A minimum of three informal assessment measures are used to provide evidence that the student should participate in the Primary Talent Pool. Evidence can be gathered from teacher, parent, and community member observations of student behaviors and work samples. A referral/recommendation form must accompany the data collected.

Submitted evidence must exemplify the work of a high potential child and may include the following:

- Anecdotal records
- Portfolio entries
- Test scores
- Research –Based Diagnostic Tests
- Work samples, products, and performances
- Behavioral checklists
- Jot Downs
- Parent interviews and questionnaires (i.e. parent interest inventory)
- Continuous progress data

Placement

The school Gifted and Talented committee will review the evidence to determine if a primary student is a high-potential learner and should participate in the Primary Talent Pool.

If the evidence supports the student as having high potential characteristics and meets the minimum criteria, he/she will be informally identified and placed in the PTP.

A letter will be sent to parents/guardians when a student meets the identification requirements. A permission form must be signed and returned to school before services can start. This letter will clearly state that this is the Primary Talent Pool and the student exhibits traits and characteristics of a gifted student.

Once a student is in the PTP, the student remains in the talent pool until exiting the third grade. Primary Talent Pool students are not automatically identified as gifted once they reach fourth grade. They must be formally identified by meeting defined criteria.

Delivery of Services

For a student in the primary grades, services shall allow for continuous progress through a differentiated curriculum and flexible grouping and regrouping based on individual needs, interest, and abilities of the student. Emphasis on educating gifted students in the general primary classroom shall not exclude the continued, appropriate use of resource services, acceleration options, or other specific service options. A recommendation for a service shall be made on an individual basis by matching services to student interest, needs, and abilities.

The following is a list of multiple Service Delivery Options that may be available to students in the Primary Talent Pool:

Cluster grouping
Collaborative Teaching and Consultation services
Differentiated Study Experiences In the Regular Classroom
Enrichment Activities during the School Day
Independent Studies
Various Acceleration Options
Special Counseling Services
Mentorships
Distance Learning
Resource Services
Academic Competitions

PRIMARY TALENT POOL

Traits Commonly Found in Primary Talent Pool Children

Advanced Communication Skills

- Speaks clearly and distinctly
- Uses advanced vocabulary
- Has sense of humor (understands riddles, puns, etc.)
- Likes a debate/argue

Thinking Skills

- Has excellent memory
- · Retains information easily
- Understands complex concepts
- Has keen power of observation
- Thinks abstractly
- Academically often works two grade levels above peers
- Has vivid imagination
- Enjoys problem solving

Behavior

- Is intensely curious
- Can concentrate for an extended period of time on a project of interest
- · May build interesting and intense designs
- · Is often critical of others and self
- May produce drawings with many details

PIKE COUNTY SCHOOL SYSTEM PRIMARY TALENT POOL Behavioral Checklist

Student Name:	Date:	
Recommending Teacher (s):		
School:	Grade:	

Please check each characteristic that you have seen in the student you currently have in class and that have been recommended for the Primary Talent Pool program.

General Intellectual Ability

Learns rapidly and easily and usually likes to learn alone.
Retains what he/she has heard or read without much rote drill.
Able to do general academic work one to two years above other students of his/her age group.
Is curious and has a wide variety of interests or may be intensely interested in a single area of study.
Seems to know many things that have not been taught.
Abstract thinker, recognizes relationships, and takes pleasure in intellectual activity.

Creativity

Has a large number of clever ideas and solutions to problems.
Alert and curious, constantly asking questions about everything and anything.
Imaginative, may have a strong sense of fantasy.
May be uninhibited in expressions or opinions, is sometimes radical/tenacious.
High risk taker, adventurous, speculative.
Has excellent sense of humor and may see humor in situations others do not see.

Leadership

Able to influence others to work toward desirable/undesirable goals.
Looked to by others when something must be decided.
Willing to and does initiate activities that involve peers.
Able to figure out what is wrong with an activity and show others how to do it better.
Transmits his/her own enthusiasm for a task to others.
Can judge the abilities of others and find a place for them in group activities.

Language Arts

Reads a great deal. Books selected usually above grade level.
Has a large and/or rich vocabulary. Enjoys using "Big" words and uses them correctly.
Can express the feelings of the characters in stories to make them appear to be real.
Writes more than other students and appears to enjoy the process of composition.
Can introduce, develop, and conclude a story interestingly.
Likes to use their imagination to compose poems, original stories, plays, journaling.

Social Studies

Sensitive to social issues, concerned with moral and ethical questions.
Has a lot of up to date information on current events.
Reads or watches television programs dealing with global awareness.
Shows interest in learning a foreign language.
High interest level in global issues of environment, endangered species, etc.
Enjoys learning about the past, present, and future.

Mathematics

Reasons effectively, likes logic problems and puzzles.
Grasps the abstract nature of mathematics easily.
Grasps concepts of spatial relationships.
Enjoys trying to solve difficult problems.
Likes to solve problems through discovery.
Intuitive; likes deductive and inductive reasoning.
May be resistant to drill and practice.

Science

Interested in science books and science programs on TV.
Has science related hobbies, collections, like gadgets.
Learns science concepts quickly.
Curious about natural relationships and wants to understand how things work.
Comes up with good questions or ideas for experiments.
Persistent, sticks with investigations in spite of difficulties.

Visual Arts

Makes up original art products.
Shows an uncommonly high interest in visual art activities.
Spends a great deal of time drawing or doodling.
Seems to have a need or compulsion to create.
Combines various artistic media for expression.
Resourceful, capable of "finding" art or "making" art.

Music

Indicates ability to perceive fine differences in sound (pitch, volume, timbre, duration).	
Easily remembers melodies and can reproduce them accurately.	
Displays sensitivity to the rhythm of music.	
Shows a sustained interest in music activities.	
Can express feelings or emotions through sound or music.	
Makes up original tunes which depict emotional and dramatic situations.	

Dance

Uses body as an instrument of expression.	
Enjoys forms of dancing and movement to music.	
Uses movement to recreate an emotion or environment.	
Able to think of many ways of solving movement problems.	
Displays grace and fluidity of movement.	
Likes to dance for other people.	

Drama

Eager to participate in classroom plays or skits.
Effectively uses voice, gestures, and facial expressions to communicate feelings.
Commands and holds the attention of a group when speaking.
Able to evoke emotional responses from listeners-can get people to laugh, to frown, to feel tense, etc.
Can imitate others- is able to mimic the way people speak, talk, gesture.
Readily shifts into a role of another character.

Adapted from L. Freese and M. Evans. The Center for Gifted Studies. Western Kentucky University.

	OFTEN	SOMETIMES	NEVER
Possesses large and varied vocabulary, and uses it meaningfully.			
Knows a lot of information about many topics.			
Recalls facts easily.			
Asks many questions that involve more than one word answers.			
Makes generalizations easily.			
Has a keen sense of humor.			
Loves to read, particularly books of a more adult level.			
Tries to reason things out independently.			
Becomes immersed in topics of interest.			
Becomes bored with routine.			
Prefers to work alone.			
Becomes interested in "adult" problems.			
Assertive and sometimes stubborn about beliefs.			
Generates many ideas/solutions to problems.			
Willing to take risks.			
Sensitive to the aesthetic.			
Does not fear being different; is a non-conformist.			
Makes friends who are older.			
Adapts easily to new situations.			
Excels in areas outside the regular school curriculum.			
t what age did your child learn to read?		1	
at what age did your child understand number concepts?

PIKE COUNTY SCHOOL SYSTEM PRIMARY TALENT POOL

Parent Notification for Inclusion in the Primary Talent Pool

Date
Dear Parent/Guardian:
has been selected for the Primary Talent Pool . Your child was
recommended for the Primary Talent Pool because of demonstrated high potential in the following area(s):
assessments of your child were used to determine your child's eligibility.
Placement in the Primary Talent Pool means that your child will receive appropriate differentiated services to help develop abilities in the specific area(s) identified. Appropriate services may include options such as the following: cluster grouping, various acceleration options, differentiated study experiences in the regular classroom, resource services delivered in the general classroom, independent projects, and enrichment activities. Primary Talent Pool services may be provided both within the regular classroom and outside of the classroom.
Please sign below if you give permission for your child to participate in the Primary Talent Pool. Inclusion in the Primary Talent Pool does not guarantee that your child will qualify for formal placement in the Gifted and Talented program when he/she exits the primary program. Additional testing will be used at the end of the 3 rd grade and/or beginning of 4 th grade that will determine official placement at that time.
Thank you,
School Gifted and Talented Coordinator
Yes, I give permission for my child, to participate in the Primary Talent Pool.
No, I do not want my child, to participate in the Primary Talent Pool.

Date:		
Dear Parent/Guardian of		

This letter is to inform you that at the end of third grade, your child will exit the Primary Talent Pool Program. Primary Talent Pool is defined by **704 KAR 3:285. Programs for the gifted and talented as** "a group of primary students informally selected as having characteristics and behaviors of a high potential learner and further diagnosed using a series of informal and formal measures to determine differentiated service delivery needs during their stay in the primary program."

Upon exit of third grade, and/or entering the fourth grade, all students will be assessed for Gifted and Talented Identification. Children meeting the criteria for identification will complete the identification process outlined below and parents will be notified once the review is complete.

To become identified for Gifted and Talented, the following must occur

- Students may be identified in Leadership, Creativity or Visual and Performing Arts by completing the area specific criteria identified in the district procedures.
- For academic areas, a student <u>must</u> score within the 9th stanine on any of the assessments given for Specific Academic Areas, or General Intellectual Ability. The assessments given for each specific area are determined by the District.
- Parent Nomination and Permission to Assess must be completed and signed by the parent
- Any additional documentation requested from the parent must be completed and submitted for consideration
- Teachers complete documentation for each child

GIFTED AND TALENTED HANDBOOK

GENERAL INTELLECTUAL

PIKE COUNTY SCHOOLS GIFTED AND TALENTED General Intellectual Ability

General Intellectual Ability

"General intellectual ability" means possessing:

- (a) Either the potential or demonstrated ability to perform at an exceptionally high level in general intellectual ability, which is usually reflected in extraordinary performance in a variety of cognitive areas, such as abstract reasoning, logical reasoning, social awareness, memory, nonverbal ability and the analysis, synthesis, and evaluation of information; and
- (b) A consistently outstanding mental capacity as compared to children of one's age, experience, or environment. General Intellectual Ability shall be determined by a student score within the ninth stanine on a full scale comprehensive test of intellectual ability. If a student scores low on formal group measures of intellectual ability, yet other documentation shows potential, the district shall administer an individual mental ability test. Evidence of general intellectual ability also may include:
- 1. High performance on additional individual or group intellectual assessment;
- 2. Observation of applied advanced reasoning ability; or
- 3. Checklist inventories of behaviors specific to underachieving or disadvantaged gifted learners. (704 KAR 3.285)

Identification and Services

Identification is based on multiple evidences. No student will be denied entrance to the program based on one criterion. Several measures will be used to determine eligibility. If the student meets the criteria in three (3) areas, admission to the Pike County Gifted and Talented Program will be facilitated.

- Figure 3.2 General intellectual ability will be determined by a student score within the 9th stanine and/or 130 on a full-scale comprehensive test of intellectual ability.
- > Students who score in the 9th stanine on a test of mental ability will be considered; if no other criterion validates a score, a second similar mental ability test or individual intelligence test may be given.
- Recommendations may be in the form of an official "recommendation letter" or a "jot down" of specific examples of gifted behavior from classroom observations.
- > Student work that reflects exceptional ability.

Special considerations such as environmental, language, cultural, and economic barriers may be included in the identification process.

- ➤ A letter will be sent to parents when a student meets the identification requirements.
- > A permission form must be signed and returned to school before services can begin.
- Within one month of identification, a GSSP must be completed and sent home. A GT folder must be completed and kept separately from the student's cumulative folder.
- ➤ A student may be identified at any time during grades 4-12.
- > A student may be identified in General Intellectual Ability as well as other areas of identified giftedness.
- > Progress reports regarding the GSSP are to be completed for each identified student at the end of each semester.

PIKE COUNTY SCHOOLSPIKE COUNTY GIFTED AND TALENTED QUALIFICATION NOTIFICATION

Date	
Congratulations!	qualifies for the Pike County School's Gifted and
Talented program in the category of GENERAL INTELLECTUA	L. The Gifted & Talented nomination and identification
process included teacher recommendations, portfolio review	vs, and testing. Your child will be offered additional
enrichment opportunities and experiences in Gifted & Talen	ted.
A Gifted Student Services Plan (GSSP) will be designed annua	ally to ensure that appropriate services are provided. A
progress report reflecting your child's progress will be sent t	o you at the end of each semester. Students participating in
the gifted & talented program may receive differentiated se	rvices in the classroom, in a cluster group setting or specialty
classes. Your support and encouragement will help your chil	d make the adjustments to any changes.
In order for your child to participate in the Gifted & Talented	d program, we need your permission. Please sign and submit
the attached "Permission/Denial" form to your child's schoo	
Thank you,	
School Level Gifted & Talented Coordinator	

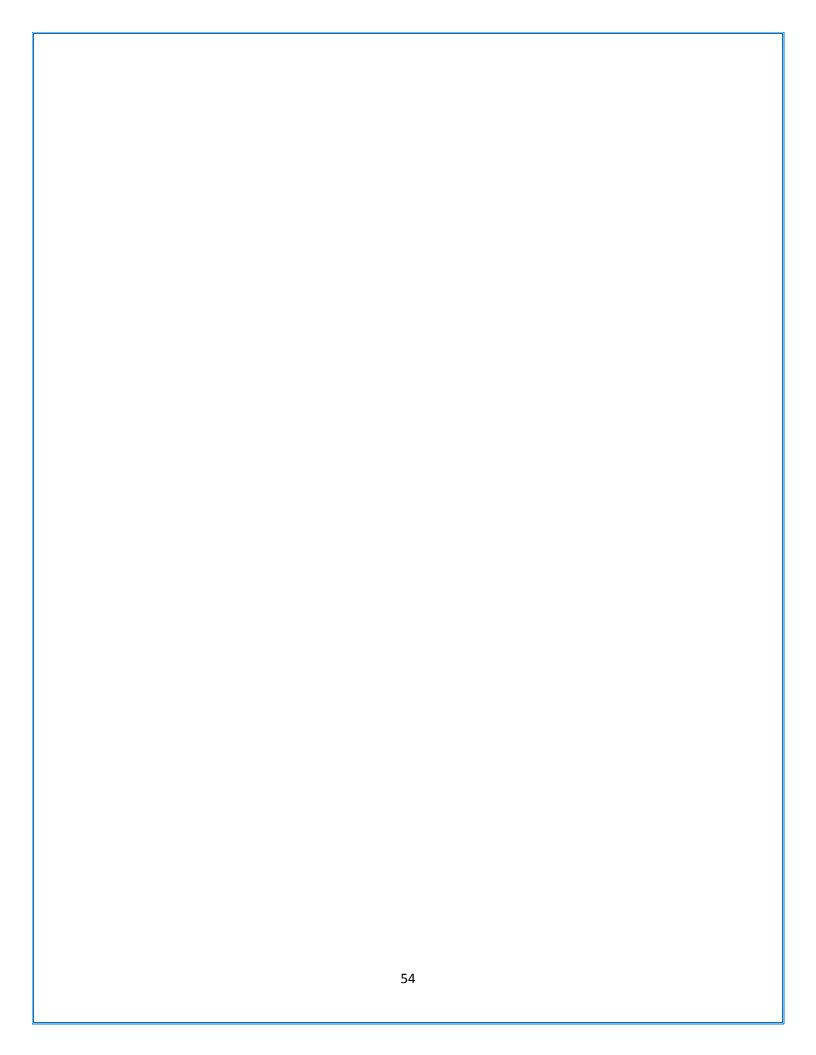

PERMISSION/DENIAL FORM INITIAL AREA(S) IDENTIFICATION

Please complete the following statement and return this form to your child's school immediately.
\square I give permission for to be formally identified as a student with exceptional talents in one or more categories. I understand that a Gifted Student Services Plan (GSSP) will be designed each year (4 – 12 grades) to address my child's individual student needs.
☐ I do not give permission for to be formally identified as a student with exceptional talents and I understand that my child will not receive special services as provided in a Gifted Student Services Plan (GSSP).
Please be advised that no changes will be made to your child's identification or service delivery options in the Gifted Student Service Plan (GSSP) without your written request to the School Gifted & Talented Committee where your child attends school.
Once the initial GSSP has been developed, any future changes to your child's identification or service delivery options as determined by the School Gifted & Talented. Committee will be implemented after your notification.
I understand that if my child decides to drop out of Gifted and Talented Services during the school year, I must notify the school in writing of that decision. I also understand that if my child withdraws from the program, he/she may not reenter the program during that school year and must re-qualify for re-entry at the next entry level.

We know how proud you must be that your child has progressed well enough academically to be services. Please rest assured your child will continue to receive support, challenge, and a wide rar will maximize learning while enrolled in the Pike County Schools.	
If we can be of further assistance, please let us know.	
Thank you,	
School Level Gifted & Talented Coordinator	

GIFTED AND TALENTED HANDBOOK

SPECIFIC ACADEMIC APTITUDE

Specific Academic Aptitude

"Specific academic aptitude" means possessing either potential or demonstrated ability to perform at an exceptionally high level in one (1), or very few related, specific academic areas significantly beyond the age, experience or environment of one's chronological peers.

Specific Academic Aptitude shall be determined by composite scores in the ninth stanine on one (1) or more subject test scores of an achievement test. If a student scores low on a formal group measure of academic strength, yet other documentation shows potential, the district shall administer another standardized normed achievement test. Evidence of specific academic aptitude also may include:

- 1. High performance on an additional individual or group test of academic aptitude;
- 2. Student awards or critiques of performances;
- 3. Off-level testing;
- 4. Portfolio of high academic performances; or
- 5. Student progress data. (704 KAR 3.285)

Identification and Services

It is very important to differentiate between general intellectual ability and specific academic aptitude.

- Identification is based on multiple evidences. No student will be denied entrance to the program based only on one criterion. Several measures will be used to determine eligibility. If the student meets the criteria in three (3) areas, admission to the gifted education program will be allowed.
 - Norm Referenced Test: The criterion is met if the student scores at the 9th stanine or above (in content area) on achievement test approved state assessments.
 - Student awards or critiques of student performances by certified staff or professionals.
 - Student works that reflect exceptional ability in one or more content areas.
 - Recommendation: Recommendations may take the form of a recommendation letter or "jot down" of specific examples of gifted behavior from classroom observations.
 - SAT or ACT tests may be used for identifying students for services in Specific Aptitude areas.

Special considerations such as environmental, language, cultural, and economic barriers may be included in the identification process.

- A letter will be sent to parents when a student meets the identification requirements. A permission form must be signed and returned to school before services can begin.
- Within one month of identification, a GSSP must be completed and sent home. A specified official Gifted and Talented folder will be completed and kept separately from the student's cumulative folder.
- > A student may be identified in one or more of the Specific Academic Aptitude core content areas as well as other areas of identified giftedness.
- > Students may be identified at any time during grades 4-12.
- Progress reports regarding the GSSP are to be completed at the end of each semester by the School Level Gifted and Talented Coordinator and/or the classroom teacher providing the services.

Possible, but not Limited to, Service Options for Students Identified in Specific Academic Aptitude

- > Teach the student how to manipulate written and spoken language by using analogies and euphemisms.
- Ask the student to judge how a particular historical reading represents the life of the people of that era (e.g., English nursery rhymes often criticized the lords and ladies of the days).
- Ask the student to compare two objects of the student's own choosing.
- Ask the student to select and complete a science project.
- ➤ Have the student compare and contrast ancient number systems.
- Allow the student to take advantage of accelerated math curricula rather than repetitious drill when mastery level achievement on a diagnostic test is shown.
- Use reading series material with high interest and high vocabulary.
- Provide a large variety of supplementary reading materials in the student's interest area and the student's reading ability level.
- Encourage the student to communicate and demonstrate ideas or solutions to others as a means of sharing discoveries.
- Assist the student in becoming familiar with library research.
- Facilitate the student's interest in a specific area by matching an appropriate mentor for a designated amount of time.
- Require the student to analyze survey data and make generalizations about the results.
- Ask students to apply problem-solving skills to a variety of topic studies.

PERMISSION/DENIAL FORM INITIAL AREA(S) IDENTIFICATION

Please complete the following statement and return this form to your child's school immediately.
\square I give permission for to be formally identified as a student with exceptional talents in one or more categories. I understand that a Gifted Student Services Plan (GSSP) will be designed each year (4 – 12 grades) to address my child's individual student needs.
☐ I do not give permission for to be formally identified as a student with exceptional talents and I understand that my child will not receive special services as provided in a Gifted Student Services Plan (GSSP).
Please be advised that no changes will be made to your child's identification or service delivery options in the Gifted Student Service Plan (GSSP) without your written request to the School Gifted & Talented Committee where your child attends school.
Once the initial GSSP has been developed, any future changes to your child's identification or service delivery options as determined by the School Gifted & Talented. Committee will be implemented after your notification.
I understand that if my child decides to drop out of Gifted and Talented Services during the school year, I must notify the school in writing of that decision. I also understand that if my child withdraws from the program, he/she may not reenter the program during that school year and must re-qualify for re-entry at the next entry level.

GIFTED AND TALENTED HANDBOOK

CREATIVE OR DIVERGENT THINKING

Creative or Divergent Thinking

Creative or divergent thinking ability means possessing either potential or demonstrated ability to perform at an exceptionally high level in creative thinking and divergent approaches to conventional tasks as evidenced by innovative or creative reasoning, advanced insight and imagination, and solving problems in unique ways.

Creativity shall be determined through the use of formal or informal assessment measures of a child's capacity for originality of thought, fluency, elaboration, and flexibility of thought. Documented evidence of creative thinking ability also may include:

Creative writing samples; High scores on tests of creative ability (e.g., Williams or Torrance, etc.); Behavioral checklists or observations specific to creative behavior; or Observation of original ideas, products or problem-solving. (704 KAR 3.285).

Identification and Services

Identification is based on multiple evidences and includes several processes. No child will be denied entrance to the program based on only one (1) criterion. A student must show potential and ability as evidenced by distinctively different measures. If the student meets the criteria in three (3) areas admission to the program will be permitted.

- Score in 9th stanine and/or 130 or higher on test for creativity.
- Recommendations may take the form of a recommendation letter or a "jot down" of specific examples of gifted behavior from classroom observation.
- Student works that reflects exceptional creativity.

Special considerations such as environmental, language, cultural, and economic barriers may be included in the identification process.

- A letter will be sent to parents when a student meets the identification requirements. A permission form must be signed and returned to school before services can begin.
- Within one month of identification, a GSSP must be completed and reviewed by the family. This may occur at a parent/teacher conference, via email, regular mail or over the phone. A GT folder (blue) must be completed and kept separately from the student's cumulative folder.
- ➤ A student may be identified at any time during grades 4-12.
- A student may be identified in Creative or Divergent Thinking as well as other areas of identified giftedness.
- Progress reports regarding the GSSP are to be completed for each identified student at the end of each semester.

Possible, but Not Limited to, Service Options for Students Identified in Creative or Divergent Thinking

- ➤ Have a student list as many different and unusual uses for a specific item as possible within a certain time limit.
- ➤ Have the student describe as many ways as possible to solve a problem.
- Ask the student to view partial textures and offer identifications of the objects.
- Provide opportunities for the student to experiment with and manipulate a variety of materials from which to create new products.
- > Have the student develop an original list of facts concerning a self-chosen subject.
- ➤ Have the student answer analogy questions.
- > Encourage the student to write analogy problems for others to solve.
- Introduce the student to art works by local artisans.
- > Encourage the student who chooses reading to read fiction to foster imagination.
- Provide the student with a wide variety of reading materials and topics.
- > Suggest to the student who chooses writing to experiment with a variety of writing forms.
- > Encourage the student to keep a notebook describing thoughts about a possible topic for future investigation.
- ➤ Allow the student to complete learning activities based on topics of interest.
- > Help the student develop a list of resource categories for further exploration in an interest area.
- ➤ Have the student outline a time schedule for completing schoolwork in order to allow time for the pursuit of special interest areas.

PIKE COUNTY SCHOOLS CREATIVITY OBSERVATION CHECKLIST

Name of Person Referring:		
Circle Once nament friend	400 als au	Data
Circle One: parent friend	teacher	Date:

Below are characteristics frequently shown by students with creative ability. Please read each statement carefully and indicate the degree to which you have observed the trait or skill in this student by placing an "x" in the appropriate column.

		·			
		Seldom/ Never	Occasionally	Constantly	Frequently
1.	Asks many and unusual questions which may be embarrassing, advanced or controversial; unaffected by peer criticism; high curiosity.				
2.	More impulsive and enthusiastic than others.				
3.	Displays a keen sense of humor and sees humor in situations others may not; a sense of the "absurd" (parody, cartooning).				
4.	Prefers variety and novelty in design, ideas, music, food, color, clothing, and methods of solving old or new problem.				
5.	Is self-disciplines in area of creativity; able to produce idea or product in set time limit.				
6.	Collects things, sometimes, randomly, other times with a definite purpose; many hobbies (some long duration, but others short lived).				
7.	Invents solutions to established problems; creates problems for which there are not apparent solutions.				
8.	Has broad knowledge background.				
9.	Assembles or disassembles mechanical objects with little or no training.				
10.	Shows greater tolerance for ambiguity and discomfort than others.				
11.	Shows emotional sensitivity.				
12.	Attributes inanimate objects with life-like qualities; vivid imagination.				
13.	Has a richer fantast life and greater involvement in daydreaming than others.				
14.	Leaves out steps; proceeds from A to Z in one jump.				
15.	Interrelates own experiences and draws on them spontaneously.				
16.	Has high aesthetic values and judgment.				
17.	Appears forgetful, chaotic, and oblivious to time constraints (but within disorder there is a logic for this student).				
18.	Is enthusiastic and suggests other ideas; is willing to overlook problems temporarily when confronted with a new solution.				
19.	Takes risks.				
20.	Critically examines authoritarian pronouncements.				
21.	Sees hidden meaning or causes and effect relationships that are not obvious.				
22.	Utilizes free time by making up games or other products.				
23.	Awareness of classroom events and questions them.

GIFTED AND TALENTED HANDBOOK

LEADERSHIP/ PSYCHOSOCIAL ABILITY

Leadership/Psychosocial Ability

Leadership ability means possessing either potential or demonstrated ability to perform at an exceptionally high level in social skills and interpersonal qualities such as poise, effective oral and written expression, managerial ability and the ability or vision to set goals and organize others to successfully reach those goals.

Leadership or psychosocial abilities shall be determined by a variety of informal measures and the documentation of the willingness of a student to assume leadership roles in class, in a student organization, and in a community activity. Evidence of psychosocial or leadership ability also may include:

Sociograms (i.e., questionnaires designed to assess leadership characteristics); Peer recommendations; Behavioral checklists or observations specific to leadership behavior; Portfolio entries which display leadership qualities; or

Offices held by student in extracurricular activities and class government. (704 KAR 3.285)

Identification and Services

- Identification is based on documented strengths, abilities, and interests. *No child will be denied entrance to the program based on only one (1) criterion*. Many processes will be used to determine eligibility. If the student meets the criteria in three (3) areas, admission into the Gifted and Talented Program will be granted. Criteria may include:
- <u>Portfolio</u>: The criterion is met if sufficient evidence and documentation pertaining to the student's leadership activities are provided.
- <u>Letters of Recommendation</u>: The criterion is met when **three** letters are submitted and evidence of high performance and leadership are shown. A "Leadership Jot Down" of specific examples of leadership from classroom observations should be submitted with recommendations.
- Leadership/psychosocial ability observation checklist.
- Roets Rating Scale: An identification measure for leadership skills.

Special considerations such as environmental, language, cultural, and economic barriers may be included in the identification process.

- After identification, portfolios may be returned to the student to update as needed or kept at the school for reference.
- A letter will be sent to parents when a student meets the identification requirements. A permission form must be signed and returned to school before services can begin.
- Within one month of identification, a GSSP must be completed and sent home. A GT folder (orange) must be completed and kept separately from the student's cumulative folder.
- A student may be identified in one (1) or more of the specific academic core content areas.
- A student may be identified in Leadership/psychosocial ability as well as other areas of identified giftedness.
- A student may be identified at any time during grades 4-12.
- > Progress reports regarding the GSSP are to be completed for each identified student at the end of each semester.

Possible, but Not Limited to, Service Options for Students Identified In Leadership/Psychosocial Ability

- ➤ Encourage the student to develop an awareness of leadership qualities by reading about the early lives of famous leaders (e.g., Squanto, George Washington, Abraham Lincoln, Napoleon, Eleanor Roosevelt, etc.)
- Discuss the student's goals and ideals that are promoted in school or the community.
- Provide opportunities for the student to voice an opinion in public.
- Allow a student to choose a topic of debate. Have student reverse roles and debate the opposing side.
- Provide the student with opportunities to lead in projects.
- Allow the student to lead class discussions.
- Ask the student to keep a journal about a leadership experience.
- > Have the student organize a panel discussion on a current event topic.
- Teach the student how to promote teamwork.
- Provide opportunities for the student to have extra responsibilities as preparation for leadership in the future.
- > Teach the student Robert's Rules of Order and give opportunity to practice.
- > Invite elected officials to speak and serve as role models for the students.
- Allow the student to be in charge of events as preparation for planning an organized club event.
- Create a simulation where the student must persuade others to do something and then examine the persuasive technique used.
- Encourage the student to study philosophy as related to leadership qualities.

Roets Rating Scales for Leadership (RRSL) A Self-Rating Identification Measure for Leadership Ages: 10-18 Author: Louis Roets Ed.D.

General Description

The Roets Rating Scale for Leadership (RRSL) is a self-rating scale for students in grades 4-12. It is a measure for students to rate themselves. It measures leadership (already active or in the daydream stage), ambition, and desires. Grades 4-12 may also be considered as ages 10-18.

How to Administer the RRSL

Students in grades 4-12, or ages 10-18, are asked to rate themselves on the 26 items listed in the RRSL. Students use a numerical code to rate themselves. The numerical self-rating code is: 1- almost always, 2- quite often, 3- sometimes, 4- not very often, and 5 never.

Instructor Tells the Student:

"Students, today we will complete a self-rating scale. This self-rating scale will ask you to rate yourself. To rate yourself, means to give yourself a number. The numbers we will use are: 1- almost always, 2- quite often, 3- sometimes, 4- not very often, and 5- never. There are no right or wrong answers. You are asked to rate yourself as you see yourself. I may tell you what a word means, but I cannot give you a suggestion as to how you should rate yourself."

"Let's do an example together. Using the 5-point scale, how would you rate yourself on these items: 1. I like to read before I fall asleep at night. 2. I would like to be chosen to be part of a basketball team. 3. I am embarrassed when I give wrong answers. "Any questions?"

Be certain students understand how to rate self. When the self-rating process is understood, students should complete the scale as quickly as possible. Urge them to move ahead and give the rating that best describes self. Do no ponder too long on any one item.

How to Score the RRSL

Student scores are tabulated in the following ways:

Responses of 1 = 3 points each

Responses of 2 = 2 points each

Responses of 3 = 1 point each

Responses of either 4 or 5 neither add nor subtract

Total all points

SAMPLE Scoring

Responses of 1 = 8x3=24 Responses of 2 9x2=18 Responses of 3 8x1=8 Total: 50 Use the "Score Equivalency Chart" in order to get a final score.

PIKE COUNTY SCHOOLS GIFTED AND TALENTED QUALIFICATION NOTICE

Date	
Congratulations!	qualifies for the Pike County
School's Gifted and Talented program	in the category of LEADERSHIP/PSYCOSOCIAL ABILITY . The Gifted &
Talented nomination and identification	n process included teacher recommendations, portfolio reviews, and
testing. Your child will be offered addit	tional enrichment opportunities and experiences in Gifted & Talented.
A Gifted Student Services Plan	(GSSP) will be designed annually to ensure that appropriate services are
provided. A progress report reflecting	your child's progress will be sent to you at the end of each semester.
Students participating in the Gifted & 1	Talented program may receive differentiated services in the classroom, in
a cluster group setting, or specialty cla	sses. Your support and encouragement will help your child make the
adjustments to any changes.	
In order for your child to partic	cipate in the Gifted & Talented program, we need your permission. Please
find the attached "Permission/Denial F	Form" to be used for this purpose. Please return the form to your child's
school as soon as possible.	
Thank you,	
School Level Gifted & Talented Coordin	
School Level Girted & Talented Coordin	IdlUI

PIKE COUNTY SCHOOLS PERMISSION/DENIAL FORM INITIAL AREA(S) IDENTIFICATION

Please complete the following statement an	id return this form to your child's school infinediately.
☐ I give permission for talents in one or more categories. I understa year (4 – 12 grades) to address my child's inc	to be formally identified as a student with exceptional and that a Gifted Student Services Plan (GSSP) will be designed each dividual student needs.
☐ I do not give permission for exceptional talents and I understand that my Student Services Plan (GSSP).	to be formally identified as a student with y child will not receive special services as provided in a Gifted
	ade to your child's identification or service delivery options in the your written request to the School Gifted & Talented Committee
	any future changes to your child's identification or service delivery d & Talented. Committee will be implemented after your notification.
notify the school in writing of that decision.	p out of Gifted and Talented Services during the school year, I must I also understand that if my child withdraws from the program, g that school year and must re-qualify for re-entry at the next entry

PIKE COUNTY SCHOOLS ELIGIBILITY STATUS

Date:
Dear Parent/Guardian:
The assessment and review process to determine if your child qualifies for the Pike County School's Gifted and Talented program in the area of LEADERSHIP/PSYCOSOCIAL ABILITY has been completed. Selection for Gifted and Talented was based on the results of formal and informal assessment and documentation and review of the Leadership Portfolio. Even though has demonstrated potential and exceptional characteristics in Leadership/Psychosocial ability, your child is not eligible for Gifted and Talented at this time.
We know how proud you must be that your child has progressed well enough academically to be considered for services. Please rest assured your child will continue to receive support, challenge, and a wide range of experiences that will maximize learning while enrolled in the Pike County Public Schools.
If we can be of further assistance, please let us know.
Thank you,
School Level Gifted & Talented Coordinator

PIKE COUNTY SCHOOLS SOCIOGRAM- HANDOUT FOR STUDENTS

For this activity, think about your classmates this school year. For each item listed below, list those classmates that you feel best answer each question.

1.	Who is the easiest to get along with others?
	Who always appears relaxed?
3.	Who is the most "bossy?"
4.	Who likes to show their work to others?
5.	Who is the captain of the team most often?
6.	Who is the most sure of himself/herself?
7.	Who would you choose as your group leader?
8.	In whom do you have the most trust?
9.	Who do you respect the most in your class?
10.	Who encourages you to "Keep Trying?"
11.	Who seems to enjoy being around others?

GIFTED AND TALENTED HANDBOOK

VISUAL AND PERFORMING ARTS

Visual and Performing Arts

Visual or Performing Arts means possessing either potential or demonstrated ability to perform at an exceptionally high level in the visual or performing arts and demonstrating potential for outstanding aesthetic production, accomplishment, or creativity in visual art, dance, music (vocal/instrumental), or drama.

Visual and performing arts talent shall be determined through evidence of performance which may include auditions, letters of recommendations, or product or portfolio assessment by specialists or professional artists. Evidence of visual or performing arts also may include: Awards or critiques of performance; or portfolio of visual or performing arts ability. (704 KAR 3.285)

Identification and Services

1. Identification is based on documented strengths, abilities, and interests. No child will be denied entrance to the program based on only one criterion. Three (3) measures/processes will be used to determine eligibility. If the student meets the minimum criteria in these three areas, he/she will be admitted into the program. The three areas for the specific "talent" are as follows:

Visual Arts - Evidence

- a. Pike County Schools visual arts checklist: this criterion is met if the student scores 32+
- b. Recommendation: Criterion is met if narrative includes at least two of the suggested topics listed on the visual arts nomination form and evidence indicates high level of ability.
- c. Portfolio Pieces: the criterion is met if two to three pieces of work (2 or 3 dimensional, in any medium) are deemed of *high quality* to warrant services.

Alternate to portfolio – the criterion is automatically met if the student has been selected for Governor's School for the Arts or other school/institute of high caliber.

Performing Arts – Evidence

- a. Pike County Schools Performing Arts Checklist (Vocal/Instrumental and/or Dance/Drama): three criterions are met if the student scores 32+.
- b. Recommendation: Criterion is met if narrative includes at least two of the suggested topics listed on the visual arts nomination form and evidence indicates high level of ability.
- c. Audition results: Criterion is met if taped or live audition is judged by multiple professionals in the field of talent and deemed of a *high quality* to warrant services. It is suggested that 2 contrasting pieces are performed. Audition performances are not to exceed 15 minutes total.

Alternate to audition – The criterion is automatically met if the student has received the following recognition:

- 1. Selected for Governor's School for the Arts, All District and/or All State Band or Chorus or received a superior rating in a state, regional or district performance.
- Selected through an auditioning process, to participate in a school/institute for dance, drama, or music.

Special considerations such as environmental, language, cultural, and economic barriers may be included in the identification process.

- 2. When a student is identified, parents will be notified by letter. Students who are new to the gifted/ talented program will receive a parent/student input form to aid in development of the GSSP.
- 3. Within one month of identification, a GSSP must be completed and sent home. The gifted education teacher will begin a GSSP folder.
- 4. A student may be identified in one or more of the academic core content areas.
- 5. A student may be identified in the Visual Arts or Performing Arts as well as other areas of identified giftedness.
- 6. Transfer students from other Kentucky school districts will be admitted to the program. Out of state transfer students will be admitted based on Pike County School Criteria.
- 7. Progress reports on the GSSP are to be completed for each identified student at the end of each semester

POSSIBLE INTERVENTIONS FOR STUDENTS IDENTIFIED IN VISUAL & PERFORMING ARTS

- ➤ Have the student study experts in his/her interest area.
- Facilitate field trips for the student to observe experts who are engaged in the student's special interest area.
- Invite local craft artisans, musicians and athletes to demonstrate their wares and/or talents.
- Allow the interested student to demonstrate for others how a particular art tool, musical instrument, or piece of sports equipment is used.
- > Facilitate for the student a list of specialized extended attendance programs in his/her field of interest.
- > Require the student to develop an independent study project in the field of his/her choice.
- Arrange a mentorship program with a local expert for the student in his/her special interest area for a few hours each week.
- > Provide a variety of art media or musical instruments for the student to explore and use.
- Ask the student to analyze a particular technique used by an artist.
- > Encourage the student to use his/her own judgment when viewing artwork or listening to works of music.
- Always require the student to evaluate his/her own work.
- > Have the student complete an art or music interest center.
- > Share opportunities with the students to listen to and create music.
- > Introduce the student to the language of music.
- Ask the student to tell or read stories using appropriate gestures and facial expressions.
- > Have the student role-play a variety of characters.
- > Encourage the student to do imitations.
- Permit the student to practice a variety of techniques for evoking emotional responses from listeners.
- Allow the student to create original plays that he/she may direct, produce and act in.
- ➤ Have the young child act out poems, stories, nursery rhymes, etc.

PIKE COUNTY SCHOOLS GIFTED AND TALENTED QUALIFICATION NOTICE

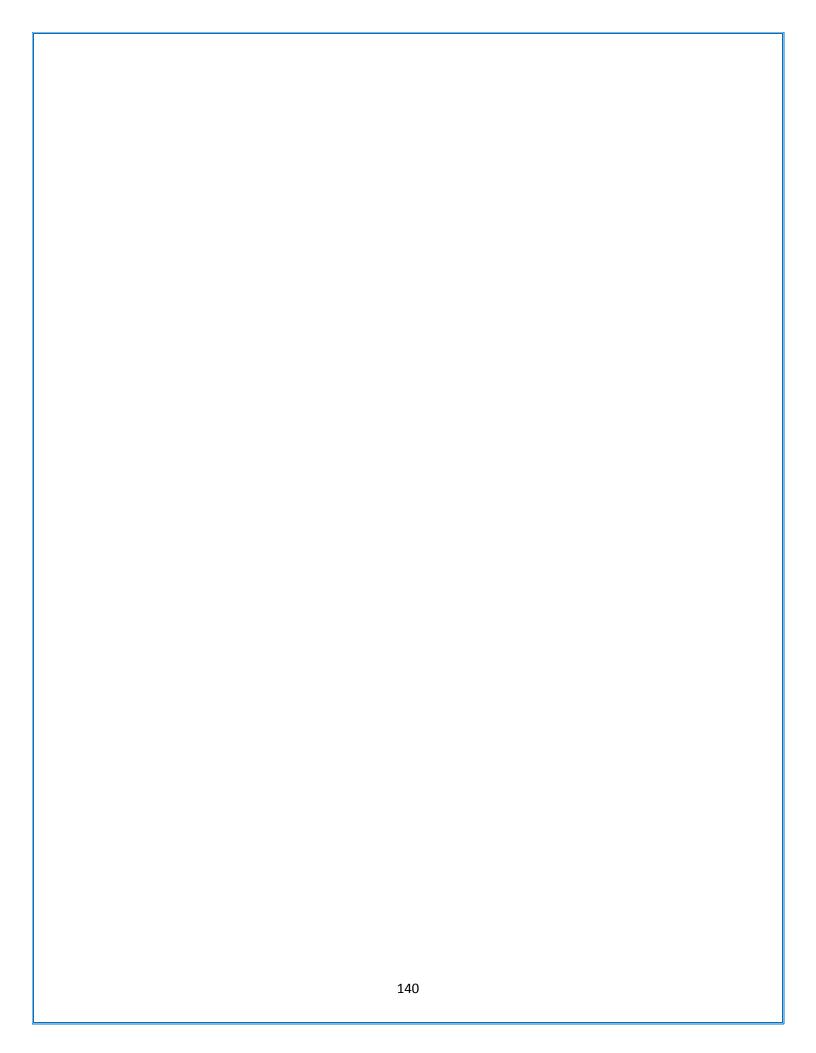

Date	
Congratulations!qualifies fo	r the Pike County
School's Gifted and Talented program in the category of VISUAL AND PERFORMING	G ARTS and the area(s) of
The Gifted & Talented nomination and identification	cation process included teacher
recommendations, portfolio reviews, and auditions. Your child will be offered addit	ional enrichment opportunities and
experiences in Gifted & Talented.	
A Gifted Student Services Plan (GSSP) will be designed annually to ensure the	nat appropriate services are provided.
A progress report reflecting your child's progress will be sent to you at the end of each	ach semester. Students participating
in the Gifted & Talented program may receive differentiated services in the classroo	om, in a cluster group setting, or
specialty classes. Your support and encouragement will help your child make the ac	ljustments to any changes.
In order for your child to participate in the Gifted & Talented program, we i	need your permission. Please find the
attached "Permission/Denial Form" to be used for this purpose. Please return the f	form to your child's school as soon as
possible.	
Thank you,

PIKE COUNTY SCHOOLS ELIGIBILITY STATUS

Date:
Dear Parent/Guardian:
The assessment and review process to determine if your child qualifies for the Pike County School's Gifted and Talented program in the area of VISUAL AND PERFORMING ARTS has been completed. Selection for Gifted and Talented was based on the results of formal and informal assessment and documentation and review of the Leadership Portfolio. Even though has demonstrated potential and exceptional characteristics in Leadership/Psychosocial ability, your child is not eligible for Gifted and Talented at this time.
We know how proud you must be that your child has progressed well enough academically to be considered for services. Please rest assured your child will continue to receive support, challenge, and a wide range of experiences that will maximize learning while enrolled in the Pike County Public Schools.
If we can be of further assistance, please let us know.
Thank you,
School Level Gifted & Talented Coordinator

PIKE COUNTY SCHOOLS

GIFTED AND TALENTED HANDBOOK

GIFTED STUDENT SERVICES PLAN (GSSP)

Pike County Schools Gifted and Talented Program

Gifted Students Service Plan (GSSP)

House Bill 519 requires a Gifted Student Service Plan (GSSP) for students identified in one or more of five (5) categories. The categories are General Intellectual Ability (GI), Specific Aptitude Ability, Leadership, Creative or Divergent Thinking Ability, and Visual and Performing Arts. The Pike County Schools gifted and Talented Coordinator and Resource Instructor will oversee the completion of the GSSP. **The GSSP is to be completed and shared with parents no later than the end of October of each school year.** The original copy of the GSSP is to be placed in the student's Gifted and Talented folder.

The following information may assist the School Level Gifted and Talented Coordinator with the completion of the GSSP for each student approved by the Gifted and Talented Committee.

STEP 1: Check area(s) the student has been identified to receive services.

STEP 2: Note the area(s) that will require differentiated services. For example, if a student is excelling in problem-solving math skills, there may be a need to provide that student with more challenging and complex problem than those given to the other students.

STEP 3: Describe the records to be kept of student progress, products, and performances. If a parent requests clarification of "how" differentiation will occur, provide specific details to the assignment, etc. Teacher accountability methods include lesson plans, assignments given to identified students, and a folder of the student's work.

Remember: The Pike County Gifted and Talented Student Services Progress Report is provided to parents at the end of each semester (twice a year).

If additional assistance is required, please contact the, School Level Coordinator, Gifted and Talented Resource Instructor, and/or the Gifted and Talented District Coordinator.

PIKE COUNTY SCHOOLS GSSP INFORMATIONAL LETTER

GSSP INFORMATIONAL LETTER
Dear Parents:
An individualized Gifted Student Services Plan (GSSP) is designed and reviewed as appropriate for all identified exceptional students in the Pike County Schools. Each year students in grades 4-12 may be identified in (1) or more of the following five (5) categories: General Intellectual Ability, Specific Academic Aptitude, Leadership, Creativity, and Visual/Performing Arts.
The purpose of the Gifted Student Services Plan (GSSP) is to match the gifted student's interests, needs, and abilities to appropriate learning activities. The school's Gifted & Talented Committee will determine the teacher responsible for developing and implementing the instructional plans that are explained in the GSSP.
Parents are encouraged to give input for the development of the plan. Meeting the needs of students with exceptional gifts and talents requires parents and teachers working together to identify strengths and to provide appropriately challenging educational opportunities. A report of your child's progress as identified in the Gifted Student Services Plan (GSSP) will be given to you at the end of each semester (twice a year).
If you have questions or would like to discuss your child's plan, please call
Sincerely,
Gifted & Talented School Coordinator Date

GIFTED STUDENT SERVICE OPTION DESCRIPTIONS:

<u>Acceleration</u>: Advancing through material or grade levels prior to the prescribed time. The decision for acceleration is based on the student's early mastery of skills/content/process in a specific area.

<u>Advanced Placement (AP) and Honors Courses</u>: Courses emphasizing college-level content based on college board curricula and tests (advanced placement), or the provision of more challenging material through higher levels of content, process and product (honors courses).

<u>Cluster Grouping</u>: A small group of identified students who receive specialized educational experiences that are matched to the student's needs, interests, and abilities.

<u>Collaborative Teaching</u>: The Gifted and Talented teacher provides specialized direct instruction in a regular classroom to a cluster group of identified students in conjunction with the regular classroom teacher.

<u>Counseling Services</u>: Effectively-based counseling assistance provided by a certified counselor who is familiar with the characteristics and socio-emotional needs of gifted and talented students.

<u>Differentiation</u>: a method used by teachers to establish a match between the students interests, needs, and abilities to provide curriculum opportunities that include enrichment and/or acceleration options to maximize student learning.

<u>Distance Learning</u>: Learning opportunities offered through the use of computer technology and satellite transmission or optical fiber transmission.

Enrichment: Opportunities for differentiated activities that supplement and or enhance classroom instruction.

<u>Travel Study Options</u>: Travel opportunities to extend and enrich learning. Provides extended learning in a relevant context.

High Level Questioning: Questions that draw on advanced levels of information and challenge thinking.

Independent Study: A self-directed study of a selected topic under the supervision of a teacher.

Learning Centers: Collections of materials for students to explore and study topics in greater depth.

<u>Mentor/Apprentice</u>: Specialized studies with an adult mentor in the community and under the direction of an educator knowledgeable in gifted education.

<u>Resource Services</u>: Specialized instruction provided to identified students in a pullout classroom or other setting that is: designed for accelerated content, special interest groups, process skills development, or various combinations of instruction.

PIKE COUNTY SCHOOLS

GIFTED AND TALENTED HANDBOOK

ACCELERATION

PIKE COUNTY SCHOOLS ACCELERATION- ADMINISTRATIVE PROCEDURES

Acceleration when used appropriately is perhaps the most effective intervention for enhancing the academic growth of advanced learners. In accordance with the belief that all children are entitled to an education that meets their particular needs, students who can exceed the grade-level indicators and benchmarks set forth in the standards must be given the opportunity and be encouraged to do so. The Pike County School System believes that such students often require access to advanced curriculum in order to realize their potential contribution to themselves and society.

All children learn and experience success given time and opportunity, but the degree to which academic content standards are met and the time it takes to reach the standards will vary from student to student. We believe that all students, including advanced learners, should be challenged and supported to reach their full potential. For many advanced learners, this can best be achieved by providing them access to curriculum, learning environments and instructional interventions more commonly provided to older peers.

This administrative procedure describes the process that shall be used for evaluating students for possible accelerated placement and identifying students who should be granted early admission to kindergarten, accelerated in one or more individual subject areas, promoted to a higher grade level than their same-age peers, or granted early graduation from high school.

Referrals and Evaluation

- 1. Any enrolled student may be referred by the School Level Coordinator, an administrator, teacher, guidance counselor, or a parent/ legal guardian of the student to the principal of his or her school for evaluation for possible accelerated placement.
- 2. The Principal of each school building will ensure that all supervised staff is made aware of the procedures regarding whole-grade or subject-based acceleration placement.
- 3. The School Level Coordinator of the referred student's school shall obtain written permission from the student's parent(s)/ legal guardian(s) to evaluate the student for possible accelerated placement. The school shall evaluate students who are referred for evaluation that have supporting evidence demonstrating high potential and whose parent(s)/ legal guardian(s) have granted permission to evaluate the student for possible accelerated placement.
- 4. A parent/legal guardian of the evaluated student shall be notified in writing within thirty (30) days of the submission of the completed referral. This notification shall include instructions for appealing the outcome of the evaluation process.
- 5. A parent/legal guardian of the referred student may appeal in writing the decision of the evaluation committee to the Superintendent within thirty days of being notified of the committee's decision. The

Superintendent shall review the appeal and notify the parent/ legal guardian who filed the appeal of his or her final decision within thirty (30) days of receiving the appeal. The Superintendent's decision shall be final. However, the student may be referred and evaluated again at the next available opportunity if he or she is again referred for evaluation by an individual eligible to make referrals as described in this policy.

Acceleration Criteria

- a) The student has an individual IQ score of 135 or more if grade skipping is being considered.
- b) The student scores in the 9th stanine, in a specific obtained subject area for score achievement.
- c) The student must show developmentally appropriate adjustment according to the socialemotional assessment and/or teacher observations.
- d) The student should display a high degree of persistence and motivation for learning.
- e) The student and parent/guardian should be eager for the advancement. However, the student should not be unduly pressured by adults to advance.

Acceleration Evaluation Committee (AEC) Composition

- 1. The School Level Coordinator of the referred student shall convene an evaluation committee to determine the most appropriate available learning environment for the referred student. This committee shall be comprised of the following:
 - a) A principal or assistant principal from the child's current school;
 - b) The School Level Coordinator, the Gifted and Talented Resource Instructor, or, the District Gifted and Talented Coordinator;
 - c) A current teacher of the referred student (with the exception of students referred for possible early admission to kindergarten);
 - d) A previous teacher of the referred student;
 - e) A teacher at the grade level to which the student may be accelerated (with the exception of students referred for possible early graduation from high school);
 - f) A special education teacher, if a student is twice-exceptional;
 - g) Optional: a school guidance counselor.

- 2. The Acceleration Evaluation Committee shall conduct a fair and thorough evaluation of the student. They shall be charged with the following responsibilities:
 - a) Students considered for whole-grade (radical) acceleration and early entrance to Kindergarten shall be evaluated with the appropriate evaluation tools available using standard scoring practices. The evaluation shall be administered by the Gifted and Talented Resource Instructor, the school level coordinator, or other approved trained evaluation personnel. The AEC shall consider the student's own thoughts on possible accelerated placement in their decision making process.
 - b) Students considered for individual subject acceleration shall be evaluated using a variety of data sources including: state assessment scores, grade level assessments, above grade level assessments, diagnostic and specific content assessments, review of classroom performance and other pertinent data, consideration of regular classroom teacher, parent recommendation, and consideration of the student's maturity and desire for accelerated placement. Evidence collection shall be coordinated by the school level coordinator.
 - c) When evidence collection is completed, the AEC will issue a written decision to the Principal and the parent/legal guardian. They shall meet with a parent/legal guardian of the student. Findings shall be shared and a decision made as to whether or not the student meets the criteria for accelerated placement.
- 3. If the Acceleration Committee recommends acceleration, the student acceleration plan (similar to a GSSP) is written (which includes an appropriate transition period and strategies to ensure a successful transition.) Long term strategies will also be included to ensure continuous progress. The parent(s)/legal guardian(s) of the student shall be provided with a copy of the written acceleration plan. The written acceleration plan shall specify:
 - a. Placement of the student in an accelerated setting;
 - b. Strategies to support a successful transition to the accelerated setting;
 - Requirements and procedures for earning high school credit prior to entering high school or requirements and procedures for earning college credit within the high school setting (if applicable);
 - d. An appropriate transition period for accelerated placement.
- 4. The School Level Coordinator shall ensure successful implementation of the written acceleration plan and monitor the adjustment of the student to the accelerated setting.
- 5. The acceleration plan (similar to a GSSP) will only be completed in the initial accelerated year at the elementary level. Every year after initial placement will be a continuum of next-level academic progress.

Placement Options:

Research on accelerated placement indicates that the "least different" placement should be the first consideration. If it does not adequately meet the needs of the student, an ascending list of options can be considered. According to research of acceleration "best practices," the Pike County Schools suggests placements options be considered in the following order:

- 1. If the child is less than one full year above grade level or if there are several above level students in the same classroom, the following options will be considered:
 - a) Differentiate the regular classroom instruction, if possible (topical differentiation),
 - b) If the child/children's needs are far above the level of their peers, the regular classroom teacher does above level work with the child or a cluster group.
- 2. If the child is one full year or more above grade level and there are not enough above level students within the classroom to form a cluster group, the following options will be considered:
 - a) Differentiate the regular classroom instruction, if possible (topical differentiation).
 - b) Teachers share students within the same grade level to create a cluster group.
 - c) Content acceleration to the next grade level. This is for an individual subject(s). The student returns to the regular classroom for every other subject. This could include early entry to Honors, Advanced Placement, or other high school classes, as well. (Students must meet the same requirements as above-level grade students who take the same course).
 - d) Whole-grade (radical) acceleration trial period. If the student's level of mastery is significantly different from peers, allow the child to travel with the next grade level for the entire day for "x" weeks as a trial period. If the trial period is successful then the student can be radically accelerated to the next grade level. Best practice recommends that radical acceleration should not be considered unless the child is performing at least two or more years above grade level.

Accelerated Placement- Transition Period/Permanent Placement

There shall be a 30 day transition period for accelerated students.

 a) The Acceleration Evaluation Committee shall specify an appropriate transition period for accelerated placement for early entrants to Kindergarten, grade level accelerated students, and students accelerated in individual subject areas.

- b) At any time during the transition period, a parent or legal guardian may request in writing that the student be withdrawn from accelerated placement. In such cases, the principal shall remove the student without repercussions from the accelerated placement.
- c) At any time during the transition period, a parent or legal guardian of the student may request, in writing, an alternative accelerated placement. In such cases, the Principal shall direct the Acceleration Evaluation Committee to consider other accelerative options and issue a decision within thirty (30) days of receiving the request from the parent or legal guardian. If the student is placed in an accelerated setting different from the initial recommendation of the Acceleration Evaluation Committee, the student's written acceleration plan shall be revised accordingly by the Principal of the receiving school, as well as, the parent or guardian, and a new transition period specified.
- d) If the teacher feels the acceleration plan is not working, evidence and documentation supporting the issues can be presented for review and consideration. The school may choose to revise or discontinue the accelerated placement if there is sufficient evidence to support the change.
- e) If behavior issues interfere with instruction for other students in the class or if the child is unable to adjust to the new environment, the accelerated placement will be terminated. Recommendations for terminating placement shall be accompanied by documentation of the specific issues and strategies utilized to address the issue.
- f) At the end of the transition period, if the accelerated placement appears to be appropriate and benefitting the child, the placement shall become permanent. The student's records shall be modified accordingly, and the accelerated placement shall become part of the student's permanent record to facilitate continuous progress through the curriculum.
- g) The accelerated placement shall be reviewed annually. This will not require new collection of evidence and convening of the acceleration evaluation committee unless there is documentation/evidence which indicates that the placement is no longer appropriate for the child.

Early Graduation District Policy 08.113

Students who meet all applicable legal requirements shall be eligible for early graduation in relation to receipt of an Early Graduation Certificate. Students wishing to follow an early graduation pathway shall notify the Principal of their intent prior to the beginning of grade nine (9) or as soon thereafter as the intent is known, but within the first thirty (30) school days of the academic year in which they wish to graduate. A Letter of Intent to Apply shall be entered into the student information system by October 1 of the year the student declares intent to graduate early. Students working toward receipt of an Early Graduation Certificate shall be supported by development and monitoring of an individual learning plan. Students who meet all applicable legal requirements shall be awarded a diploma and an Early Graduation Certificate.

Alternative Credit Options

In addition to regular classroom-based instruction, students may earn credit through the following means.

ONLINE COURSES

High school students may also earn academic credit to be applied toward graduation requirements by completing online courses offered through agencies approved by the Board. Credit from an online course may be earned only in the following circumstances:

- 1. The course is not offered at the high school;
- 2. Although the course is offered at the high school, the student will not be able to take it due to an unavoidable scheduling conflict that would keep the student from meeting graduation requirements;
- 3. The course will serve as a supplement to extend homebound instruction;
- 4. The student has been expelled from the regular school setting, but educational services are to be continued; or
- 5. The Principal, with agreement from the student's teachers and parents/guardians, determines the student requires a differentiated or accelerated learning environment.
- 6. Unless otherwise approved by the Principal/designee, students taking such courses must be enrolled in the District and take the courses during the regular school day at the school site.

The District shall recognize only those online courses that meet the international standards for online teachers, courses, and programs that have been adopted by the Kentucky Department of Education.

As determined by school/council policy, students applying for permission to take an online course shall complete prerequisites and provide teacher/counselor recommendations to confirm the student possesses the maturity level needed to function effectively in an online learning environment. Online courses may be subject to review by the Superintendent/designee for conformance with Kentucky Academic Standards and District graduation requirements. In addition, the express approval of the Principal/designee shall be obtained before a student enrolls in an online course. The school must receive an official record of the final grade before credit toward graduation will be recognized.

Provided online courses are part of the student's regular school day coursework and within budgetary parameters, the tuition fee and other costs for an online course shall be borne by the District for students enrolled full-time, from funds that have been allocated to the school.

The Superintendent shall determine, within the budget adopted by the Board, whether additional funding shall be granted, based on supporting data provided by the Principal. The Board shall pay the fee for expelled students who are permitted to take online courses in alternative settings.

Through its policies and/or supervision plan, the school shall be responsible for providing appropriate supervision and monitoring of students taking online courses.

08.1131 (CONTINUED)

Alternative Credit Options

DUAL CREDIT COURSES

To differentiate/accelerate the curriculum to meet the needs of students, the District shall recognize courses from local post-secondary institutions. Eleventh (11th) and twelfth (12th) grade students will be provided the opportunity to participate in a dual credit program during the school day. A qualifying student may enroll for up to fifteen (15) hours of college course work per semester and be awarded both elective credit(s) at Pike County high schools and college hours at the post-secondary institution.

- 1. Each school will develop specific SBDM policy to outline requirements for participation at each post-secondary institution. These requirements will include the following criteria:
 - a. Students must be juniors or seniors. Written parental permission, principal and guidance counselor recommendation will be required.
 - b. Students must have an ACT composite score of twenty (20) or above and have a high school GPA of 3.25 in order to participate in dual credit course work.
 - c. Students who have been involved in any disciplinary action throughout high school will not be eligible to participate in dual credit classes. Students must have maintained regular attendance throughout high school as defined by Pike County Board of Education policy.
 - d. Students must maintain a college GPA of 3.0 in order to continue taking classes prior to high school graduation.
 - e. Students who participate will be responsible for transportation, fees, tuition, and any other associated costs. No student may transport another student to a dual credit class unless there is proof of insurance and written parental permission on file in the guidance office. Permission forms must be signed by the parent of the student driving, the parent of the student, being transported by another student, and the school principal. Students must provide official documentation to the high school of participation in college courses and mid-term grades awarded before credit toward high school graduation will be recognized.
 - f. A check-in and check-out procedure must be developed at each high school. This extended education experience will be part of the student's school day/program.
 - g. Supervision of students on school days that college classes do not meet will be the responsibility of the high school.
- 2. Each high school is responsible for assuring the course content offered at the post-secondary institution fulfills the standards set forth in the Kentucky Academic Standards for Kentucky Schools. The school shall request a list of academic expectations as described in the Kentucky Learning Goals for each course to be considered for dual credit.

Students who participate in dual credit classes must understand that dropping the college class after the semester begins may endanger their high school graduation because of the number of credits required for a diploma.

CURRICULUM AND INSTRUCTION

08.1131 (CONTINUED)

Alternative Credit Options

DUAL CREDIT COURSES (CONTINUED)

3. Grades for college courses taken on the high school campus will not be weighted but will be included in the calculation of cumulative GPA toward high school graduation. Grade point average for dual credit classes off campus will be calculated based on the number of classes taken on the high school campus plus the number of classes taken off campus students have completed.

PIKE COUNTY SCHOOL SYSTEM EARLY KINDERGARTEN ENTRANCE

Senate Bill 24

Senate Bill 24 (SB 24), enacted during the 2012 Regular Session, amends KRS 158.030 by requiring each local school board to adopt a policy for parents or guardians to petition the board to enroll a child who does not meet the kindergarten age requirement of turning 5 years of age on or before October 1. It's important to note the kindergarten age requirement of turning 5 years of age changes to August 1 in the 2017-2018 school year. The policy must include an evaluation process that will help determine a child's readiness for school.

Senate Bill 35

Senate Bill 35 (SB 35), enacted during the 2006 Regular Session, permits a child who is at least 5 years of age (on or before October 1) but less than 6 years of age to be advanced through the primary program if the student is determined to have acquired the academic and social skills taught in first level primary (kindergarten). Senate Bill 35 also provides that the student may be classified as other than a first level primary (kindergarten) student for purposes of funding. It's important to note the kindergarten age requirement of turning 5 years of age changes to August 1 in the 2017-2018 school year.

School Readiness Definition

Ready to Grow...Ready to Learn...Ready to Succeed

Children who are not age- eligible for kindergarten must demonstrate readiness in all developmental domains to be consistent with Kentucky's school readiness definition. School readiness means each child enters school ready to engage in and benefit from early learning experiences that best promote the child's success. (Governor's Task Force on Early Childhood Development and Education).

Five Developmental Domains

To be recommended for early entrance to kindergarten, children will need to demonstrate above-average performance and development in academic skills. As well as, the following:

- Approaches to learning;
- Health and physical well-being;
- Language and communication development;
- Social and emotional development; and
- Cognitive and general knowledge.

The standards for early admittance are very high to ensure that students are not frustrated by their advanced grade placement. There will be no consideration, including an appeals process, for children with birthdates beyond November 1. (The November 1 date will adjust to September 1 in 2017-2018 in accordance to Senate bill 24 and Senate Bill 35). Additionally, final placement considerations will include availability of space and funding.

Parent Application

Parent and/or guardian must complete the "Application for Early Kindergarten Entrance," the "Parent Questionnaire," and the "Readiness Indicators Checklist" before being considered for early placement. The "Early Settings Information" form must be completed by a preschool or childcare teacher or other adult providing therapy, education, or care for the child. All forms must be totally completed and submitted between March 15 and May for an assessment to be scheduled. The child will be screened at the next available assessment window. This form must be submitted to the Principal of the school in which the student wishes to attend prior to scheduling the actual Kindergarten Readiness Screening.

Your child will be evaluated by qualified school personnel. Upon completion of all assessments, all data collected will be reviewed.

There are two possible outcomes of individual testing:

- The student <u>did not</u> demonstrate the needed readiness skills and is not eligible for early entrance into kindergarten, or:
- The student <u>did</u> demonstrate the needed readiness skills and is eligible for early entrance into kindergarten.
 Families of students found eligible must complete the regular registration process through their home school to enroll the student into a kindergarten program for the following year.

Evaluation /Identification Process

- 1) The process should include multiple measures of child's readiness for school. Multiple measures and sources are essential to making the best decision and are best practice. These measures include, but are not limited to the following:
 - parent observation and input
 - data from prior settings, such as child care, state-funded preschool, Head Start and other early childhood programs (i.e., anecdotal records, including observations, should reveal that the student follows group instruction, regulates his/her attention and focus for extended periods and interacts appropriately with peers and adults)
 - valid and reliable, research-based assessment of all early childhood domains
 - A list of general characteristics of children with high potential. (See Traits of Giftedness Chart on page 177)
 - common kindergarten readiness assessment (BRIGANCE© kindergarten screen)
 - norm-referenced assessments
- 2) The process may consider the transition points all children experience.
- 3) School districts should provide training and professional development to kindergarten teachers on the characteristics and needs of young children with high potential.

Committee

A team approach is recommended with membership including the principal, teachers, parents, counselor/psychologist, district gifted and talented coordinator, or district gifted and talented resource instructor. At least one member of the team should represent the district office and have an understanding of early childhood development.

• What might a team consider in order to determine if a child's ready for school?

- Relevant information from multiple measures and sources should be reviewed to provide the school principal with the best possible recommendation about a child's readiness for kindergarten. The school is responsible for making final placement decisions.
- Team should consider child's readiness in all domains to determine readiness for kindergarten. Children
 develop at varying rates within the different domains, and some children will exhibit skills far above
 their age group while others may take longer to demonstrate the same set of skills. Therefore,
 uniqueness is to be valued.
- A school district may advance a student through the primary program when it is determined that it is in the best educational interest of the student.

Timeline for the Process

March 15-May 1	Completed Application Packet Submitted
2 weeks prior to the 1 st day of school	Assessments Scheduled and Administered
30 days after the 1st day of school	Parents Notified of Response to Petition

Delivery Service Options

Children accepted in the early kindergarten entrance program will participate in the Primary Talent Pool and receive services that allow for continuous progress through a differentiated curriculum, flexible grouping, and regrouping based on individual needs, interest, and abilities of the student. Emphasis on educating gifted students in the general primary classroom shall not exclude the continued, appropriate use of resource services, acceleration options, or other specific service options. A recommendation for a service shall be made on an individual basis by matching services to student interest, needs, and abilities.

The following is a list of multiple Service Delivery Options that may be available to students in the Primary Talent Pool: Cluster Grouping, Collaborative Teaching and Consultation Services, Differentiated Study Experiences in the Regular Classroom, Enrichment Activities during the School Day, Independent Studies, various Acceleration Options, Special Counseling Services, Mentorships, Distance Learning, Special Counseling Services, Resource Services, and Academic Competitions.

*There shall be a 30 day transition period for accelerated students. Refer to Accelerated Placement Transition Period, page 163.

PIKE COUNTY SCHOOL SYSTEM EARLY KINDERGARTEN ENTRANCE

Traits of Giftedness

No gifted individual is exactly the same, each with his own unique patterns and traits. There are many traits that gifted individuals have in common, but no gifted learner exhibits traits in every area. This list of traits may help you better understand whether or not your child is gifted.

Cognitive	Creative	Affective	Behavioral
Keen power of abstraction Interest in problem-solving and applying concepts Voracious and early reader Large vocabulary Intellectual curiosity Power of critical thinking, skepticism, self-criticism Persistent, goal-directed behavior Independence in work and study Diversity of interests	Creativeness and inventiveness Keen sense of humor Ability for fantasy Openness to stimuli, wide interests Intuitiveness Flexibility Independence in attitude and social behavior Self-acceptance and unconcern for social norms Radicalism Aesthetic and moral	Unusual emotional depth and intensity Sensitivity or empathy to the feelings of others High expectations of self and others, often leading to feelings of frustration Heightened self-awareness, accompanied by feelings of being different Easily wounded, need for emotional support Need for consistency between abstract values and personal actions Advanced levels of moral judgment Idealism and sense of	Spontaneity Boundless enthusiasm Intensely focused on passions—resists changing activities when engrossed in own interests Highly energetic—needs little sleep or down time Constantly questions Insatiable curiosity Impulsive, eager and spirited Perseverance—strong determination in areas of importance High levels of frustration—particularly when having difficulty meeting standards of performance (either imposed by self or others)
and abilities	commitment to self- selected work	justice	Volatile temper, especially related to perceptions of failure Non-stop talking/chattering

Pike County Schools Early Entrance to Kindergarten Parent Questionnaire

Directions: Please answer each question below. If more space is needed, attach additional paper.

1)	Why do you believe your child should be considered for early entrance to kindergarten?
2)	What responsibilities does your child have a home? What types of prompting is required for your child to fulfill those responsibilities?
3)	How does your child respond when he/she tries something that is new and challenging? How does your child respond when not successful?
4)	How long does your child maintain interest in an activity of their choosing?
5)	Describe your child's interaction with books at home.
6)	What kinds of experiences has your child had with writing tools such as crayons, pencils, and markers?
7)	What kinds of experiences has your child had with scissors?

a. Letters
b. Numbers
c. Shapes
d. Patterns
9) How does your child respond to change?
10) On a scale of 1-10, how would you rate your child's ability to do things for her/himself? Why did you choose that rating?
11) Describe your child as your child works/plays with other children.

8) What could your child show or tell me about the following:

PIKE COUNTY SCHOOLS

GIFTED AND TALENTED HANDBOOK

TWICE EXCEPTIONAL LEARNERS

PIKE COUNTY SCHOOLS TWICE EXCEPTIONAL LEARNERS

Students with disabilities may also be gifted and talented. Identification of these students is problematic. Their disability often masks their gift, and conversely, they may use their gifts to compensate for their disability. This may cause both exceptionalities to appear less extreme. In addition, the frustrations associated with unidentified strengths and disabilities may result in behavioral and social/emotional issues. In order for these children to reach their potential, it is essential that their intellectual strengths be recognized and nurtured, at the same time as their disability is appropriately accommodated. District and school personnel will work together to identify gifts and disabilities and provide services for both, so that students may reach their full potential.

Appropriate Identification

School personnel need to be sensitive to clues that seem to reveal contradictions in abilities.

Possible examples are:

- Above grade extensive vocabulary/struggle with spelling basic words
- Strong verbal expression/poor illegible handwriting
- Good listening comprehension skills/low self-concept
- Sophisticated sense of humor/difficulty engaging in social aspects of the classroom
- Difficulty sitting still/can become deeply immersed in special interests or creative activities

These types of contradictions may be indicators of possible twice exceptionality worth further investigation. Educators who suspect a student may be twice exceptional should contact a school psychologist to conduct a comprehensive evaluation in order to make an accurate diagnosis.

Helpful strategies

- Use interventions which nurture the student's potential in their area of strength.
- Provide opportunities for the student to exercise their areas of high ability.
- Identify learning gaps and provide explicit instruction in those areas.
- Identify a case manager who is responsible for facilitating communication and collaboration between and among counselors, special educators, gifted educators, and general educators. The GAT Coordinator should be part of the IEP team.
- Connect students with resources and technology tools to compensate for weaknesses.
- Provide course options that ease course load and accelerate strength areas such as web based learning opportunities.
- Teach and encourage students to use compensation strategies to compensate for weaknesses.
- Pay particular attention to transitions from one school level to another, creating a comprehensive transition plan.
- Provide social and emotional support through counseling services that develop self-esteem and self-efficacy.

PIKE COUNTY SCHOOLS

GIFTED AND TALENTED HANDBOOK

THE GIFTED UNDERACHIEVER

PIKE COUNTY SCHOOLS Underachievement of the Gifted and Talented Student

There is no universal definition of underachieving in regards to gifted and talented students. There are some agreed upon characteristics, however.

A gifted underachiever is a student who demonstrates high ability in their area of identification, but does not perform at that level in the classroom. Underachievement is a discrepancy between ability and performance, or "unfulfilled potential."

The Pike County Board of Education follows, agrees, and complies with the Kentucky Department of Education on the following statements regarding underachievement of the gifted and talented student:

A. Underachievement in an identified content area: (Math, Language Arts, Social Studies, Science, Music, Drama, Dance, Visual Art, all of which have a curriculum).

The most commonly applied standard of an underachieving gifted and talented student is the student who is performing below the average for the current grade/subject level.

The National Research Center on the Gifted and Talented (NRCGT) states: The academically able underachiever (in Math and Language Arts) shows a discrepancy as evidenced by lower than expected academic performance by meeting **both** of the following criteria:

- 1. Has grades in the bottom half of his/her class or has a "C" average.
- 2. Is recommended by the classroom teacher, gifted specialist, and/or counselor as being a bright underachiever.

To be "identified "as an underachiever, the gifted student needs to be underachieving during the **current** academic school year. Students who have done poorly in previous school years, but have improved his/her grades recently should **NOT** be included in this group. This can be observed as failing to achieve the academic level of which he/she is capable and often below achievement levels of those with average abilities.

- B. Underachievement in other areas: (areas of giftedness with no curriculum)
 - 1. **General Intellectual Ability:** "General intellectual ability" means possessing:
 - (a) Either the potential or demonstrated ability to perform at an exceptionally high level in general intellectual ability, which is usually reflected in extraordinary performance in a variety of cognitive areas, such as abstract reasoning, logical reasoning, social awareness, memory, nonverbal ability and the analysis, synthesis, and evaluation of information; and (b) A consistently outstanding mental capacity as compared to children of one's age, experience, or environment.

To determine underachievement in the area of General Intellectual ability, a test of cognitive ability or the use of a current CSI (Cognitive Skills Index) score may help to decide if the student is performing up to the level of his/her mental abilities. Underachievers may exhibit a decline in IQ or achievement test scores over time. This

can also be observed in classroom activities and assignments. A student identified as gifted in the area of general intellectual may or may not show his/her abilities through academic achievement and have more to do with his/her thinking abilities. Examples include: a student who may score high on a *Stanford-Binet* and likely be a student with high verbal and abstract reasoning abilities, but may not have a high level ability in math, science, art, etc. or a student who may score high on the *Raven Progressive Matrices* or the *Wechsler Intelligence Scale for Children* indicating high visual-spatial abilities, but may not ensure high academic performance. High visual-spatial abilities are not always accessed in regular classroom activities and assignments. Is the student working at their level of potential in relation to how they use abstract reasoning, logical reasoning, social awareness, memory, nonverbal ability and the analysis, synthesis, and evaluation of information? Is the student consistently standing out among peers in these capacities? The underachiever will not be performing at his/her level of ability.

2. Leadership

"Psychosocial or leadership ability" means possessing either potential or demonstrated ability to perform at an exceptionally high level in social skills and interpersonal qualities such as poise, effective oral and written expression, managerial ability, and the ability, or vision, to set goals and organize others to successfully reach those goals.

To determine an underachieving leader:

(a) Look at unfulfilled potential as observed by someone who knows the child and is familiar with high levels of ability in leadership.

Or

(b) Observe students who use their abilities in socially unproductive and unacceptable ways, often leading students in the "wrong" direction.

An underachieving leader may choose unethical and expedient solutions to problems, going with the group rather than against it, compromise his/her values, lack commitment to principles and causes, does not identify with humanity, cannot admit to his/her shortcomings, and is unwilling to accept societal norms.

3. Creative or Divergent Thinking

"Creative or divergent thinking ability" means possessing either potential or demonstrated ability to perform at an exceptionally high level in creative thinking and divergent approaches to conventional tasks as evidenced by innovative or creative reasoning, advanced insight and imagination, and solving problems in unique ways.

To determine an underachieving creative or divergent thinker, look at unfulfilled potential as observed by someone who knows the child and is familiar with high levels of ability in creativity.

Creative underachievers may have high scores on measures of creative ability yet demonstrate few of the characteristics of creativity; divergent thinking, flexibility, fluency elaboration, originality, etc.

A creative underachiever may produce ideas but lack initiative to follow through and fail to generate products needed to evaluate his/her creativity. Conversely, underachievers can demonstrate creative behaviors, yet he/she fails to demonstrate creative abilities on standardized tests.

Caution: Paper/pencil tests and timed tests often conflict with creative and divergent thinking.

C. Providing Services to the Gifted and Talented Underachiever

Individual student needs and abilities and the high level attainment of goals are correlated to his/her individual achievement/underachievement.

Pike County Schools shall provide professionally qualified and certified personnel to differentiate instruction to meet his/her *individual needs*, provide educational experiences commensurate with his/her interests, *needs and abilities; and facilitate the high level attainment of goals*.

In keeping with 704 KAR 3:285, Pike County Schools shall ensure that direct services to students identified as demonstrating gifted and talented behaviors and characteristics shall be provided by professionally qualified and certified personnel as required by the Education Professional Standards Board.

That is:

- (1) A teacher shall be appropriately endorsed in gifted education in accordance with 704 KAR 20:280 if the teacher works:
 - (a) directly with identified gifted pupils in addition to the regularly assigned teacher; or
 - (b) for at least one-half (1/2) of the regular school day in a classroom made up only of properly identified gifted students.
- (2) All other personnel working with gifted students shall be prepared through appropriate professional development to address the individual needs, interests, and abilities of the students.

Service Delivery Options

A student diagnosed as possessing gifted characteristics, behaviors or talent shall be provided articulated, primary through grade twelve (12) services which:

- (a) Are qualitatively differentiated to **meet his individual needs**;
- (b) Result in educational experiences commensurate with his interests, needs and abilities; and
- (c) Facilitate the high level attainment of goals established in KRS 158.6451.

This section has been adapted for use in the Pike County Handbook for Gifted and Talented Education Program Handbook from the Kentucky Department of Education Gifted and Talented Resources, Frequently Asked Questions about Gifted and Talented Underachievement. See more at: http://education.ky.gov/specialed/GT/Documents/Frequently%20Asked%20Questions%20Underachieveme nt%20GT.doc

 □ General Intellectual □ Math □ Science □ Language Arts □ Social Studies □ Creative and Divergent Thinking 	
Section I: Check behaviors V that apply to your child and potential. Only mark areas which are relevant to your child.	give specific examples which lead you to believe he or she has high
Broad Knowledge Base Seems to know something about "everything". Loves to interject bits of information during discussions. Knows how to deal with real-world issues and problems. Stands out in two or more subject areas.	Evidence:

Inte	nse Interests	Evidence:
	Displays knowledge in an area of interest to	
	kids (ex: dinos).	
	Seeks additional information outside of class about topics studied.	
_	Referred to by others as an expert on a specific	
	subject.	
	Has definite ideas about areas for studying or	
	independent research.	
Pro	blem Solving	Evidence:
	Attempts to solve difficult problems.	
	Sees errors in problem-solving.	
	Sees the unusual solution to a problem.	
	Solves problems easily and intuitively, sometimes w/o realizing how he/she knew the	
	answer.	
Con	nections	Evidence:
	Connects ideas or concepts, sometimes between subject areas.	
l	Gives real world examples when new concepts	
	are presented.	
	Skips ahead in discussion.	
	Asks thoughtful questions.	
Lan	guage	Evidence:
	Uses an advanced vocabulary.	
	Speaks or writes fluently.	
	Is an avid reader.	
	Uses vocabulary that is specific to content areas, i.e. science.	
Crea	tivity	Evidence:
	Generates original ideas and unique ideas.	
	Relishes in wild, off the wall, humor.	
	Overflows with ideas.	
	Loves details, becomes very absorbed in making things.	

Parent Nomination (Continued)
Section II: Please answer the following questions about your child.
1. Tell about your child's interests, hobbies and activities, noting any that are intense interests.
2. Describe any differences you have noticed between your child and other children of the same age. If none, go on to
the next question.
3. Tell what types of things or situations frustrate your child.
4. What else leads you to believe your child is a high potential learner?

Pike County Schools Gifted and Talented Parental Response Form

One of the major goals of the Pike County Public Schools gifted/talented services is to provide each student with an opportunity to develop his/her strengths and talents. Although the work your child does in school provides information on his/her strengths and interests, activities your child pursues at home will help us develop ways to further enhance his/her school plan. For this reason, we are asking you to complete this parental response form.

PIKE COUNTY SCHOOLS ELIGIBILITY STATUS

Date:
Dear Parent/Guardian:
The assessment and review process to determine if your child qualifies for the Pike County School's Gifted & Talented has been completed. Selection for Gifted & Talented was based on the results of formal and informal assessment and documentation. Even though has demonstrated potential exceptional characteristics in the category assessed, your child is not eligible for the gifted and talented program at this time.
We know how proud you must be that your child has progressed well enough academically to be considered for services. Please rest assured your child will continue to receive support, challenge, and a wide range of experiences that will maximize learning while enrolled in the Pike County Public Schools. If we can be of further assistance, please let us know.
Thank you,
School Level Gifted & Talented Coordinator

Gifted Academy Opportunities

The Craft Academy for Excellence in Science and Mathematics

- Offered at Morehead State University
- Offers students college-level courses in Technology, Engineering, and Mathematics (STEM), as well as, electives in the arts and humanities.
- Students stay in a residence hall on campus specifically designed for high schoolaged students.

Admission Requirements

- Be a current resident of the state of Kentucky
- Be a high school sophomore
- Complete Geometry, Algebra, and Algebra prior to enrollment
- Score a minimum ACT score of 18, English, 22 in Reading, and 22 in Math
- Submit a completed application and other required materials before the registration deadline of February 1 each year.

Required Materials

- Official high school transcript
- ACT or SAT test scores
- Three letters of recommendation, one of which must be written by school personnel and at least one written by a community member.

Application Timeline and Information (Example)-

*See website for current information

August - Registration Deadline for September ACT

September- Registration Deadline for October ACT

November-Registration Deadline for December ACT

March- Acceptance letters sent

The Gatton Academy of Mathematics and Science

- Offered at Western Kentucky University
- Offered for students interested in pursuing advanced careers in Science, Technology, Engineering, and Mathematics.
- Instead of spending their junior and senior years in traditional schools, our 128 students take all their coursework through Western Kentucky University with regularly-enrolled college students.

Admission Requirements

- Be a current resident of the state of Kentucky
- Be a high school sophomore or achieved sophomore status
- Complete Geometry and Algebra II prior to enrollment
- Score a minimum of 22 in Math on the ACT or score a minimum of 520 in Math on the SAT
- Submit a completed application and other required materials before the registration deadline of February 1 each year.

Required Materials

- Official high school transcript
- ACT or SAT scores
- Two letters of recommendation, one of which must be a current or former high school Math or Science teacher, and one of which must be a guidance counselor, administrator, or supervisor in the applicant's school or community. They must be able to comment on the applicant's general academic aptitude, leadership ability, emotional maturity, integrity, and preparation for the rigorous academic program offered by the Gatton Academy.
